The Georgia Congressional Districts and State High School Association Meetings 1909

STATE LOVING CUP, ATHLETICS

To the High School Associations of Georgia:

In issuing this bulletin of the work of the second year of our associations, I desire to express my appreciation of the cooperation of hundreds of teachers and pupils and patrons. Already the benefit of the local associations has been great, and we hope that this bulletin, giving in some detail what each has accomplished, will stimulate greater effort on the part of all. Great good must come from the annual conferences of high school teachers and officials in stimulating better standards and more liberal support of the schools. The contests awaken interest in declamations, recitations, writing, music and wholesome forms of athletics. Those who have entered most heartily into these associations report an increased school spirit and morale. We hope every district will be fully organized this year and that the annual meetings this spring will find every high school represented. What matters it if you do lose? All have been made stronger by the effort. We had a great meeting at the University in July last. We want every winner here next July. Two beautiful loving cups will go to the winning districts. Let each association provide funds to assure a good representation at the annual state meeting. We are glad to have you come to Athens, and all contestants receive a souvenir of the occasion.

We regret that we can not give fuller accounts of some of the meetings, but the officers did not understand what kind of a report was wanted until too late to secure the data. Next year we promise all a better Bulletin of the Association meetings.

I hope every high school boy will begin practicing for a track record. It has been found quite helpful in some schools for each boy to try the several track events at stated times and the records made by each posted on the school bulletin board. Each time the pupil is encouraged to lower his record, though he may not be first. It takes a clear head, a steady nerve and good wind to lead in athletics. The cigarette fiend, the boy who abuses his body in any way, has no hope of success. Let us have clean, manly sports and contests as recreation after diligent, earnest class room work.

I trust the high school teachers in each county will aid the rural and village grade teachers in organizing county associations and contests. They will not only help themselves by such cooperation, but will do great service to the common schools pupils.

Wishing all members of the associations a successful year, and assuring you of our desire to aid you in any way we can, I am,

Yours sincerely,

JOSEPH S. STEWART, President.

Report of the Eighth District High School Association.

Prof. J. S. Stewart, President State District High School Association, Athens, Georgia.

Dear Sir:—The Eighth District High School Association met at Greensboro, April 23-24. There were eighteen schools represented, and one gratifying feature of this representation was the fact that a number of these were the smaller schools in the district. There were in all some two hundred and twenty-five delegates from the various schools present at Greensboro. State School Commissioner Pound was present and made an able address. The people

of Greensboro treated us in the most hospitable manner and, all in all, the meeting was full of enthusiasm and interest from start to finish.

A special noteworthy feature of the meeting was the interest manifested by the smaller schools. Although it was impossible for many of them to enter their pupils in more than one contest, yet they entered with great enthusiasm into whatever contest their representative took part in. The growth of the interest in this meeting is well shown by the fact that last year only eight schools were represented, at Athens, a more central point. This year eighteen were represented at Greensboro and competition for the various prizes was keen, and the results of the efforts of the pupils showed that earnest work was being done in the various schools of the district. The meetings among the teachers were productive of great good. The free interchange of ideas on the various lines of pedagogy and of matters of interest to the High Schools cannot fail to product beneficial results. Another gratifying feature of the meeting was the enthusiastic invitation that Madison gave to meet with her next year. It shows that the citizens of the various towns are recognizing the fact that such educational conferences are of great practical benefit, not only to the children who take part, but to the towns which entertain them. I feel sure that each school which was represented at Greensboro will bear me out in the assertion that the meeting this time was of the greatest possible value to the cause of High School education in the district.

Herewith is appended the programmes of the various contests.

Very respectfully,

Ninth District Contest, Held at Gainesville, April 3, 1909.

My Dear Sir—Having to depend upon my memory for the data, I cannot give you an accurate report of the Ninth District Oratorical Contest, but take pleasure in submitting the principal facts.

The contest was held in Gainesville on the 3d day of April.

The following schools were represented: Toccoa, Cornelia, Nacoochee, Maysville, Commerce, Winder, Jefferson and Gainesville. Mr. Sullivan of Cornelia Institute won the boys' medal and Miss Kathleen Holder of Martin Institute won the girls' medal. It was a great contest in point of interest and enthusiasm.

The next meeting will be held at Jefferson on the first Saturday in April, 1910.

Yours very truly,

T. H. ROBERTSON, Sec.

Report of the Tenth District High School Association, Held at Warrenton.

The High School contest, April 30th, was a great success. About 2,000 people were present; interesting programs were presented; more than ample arrangements had been made for both basket and barbecue dinner and supper. Warrenton appreciated the magnitude of the occasion and responded fully to the needs of the situation.

The following high schools were represented in all or a part of the events of the day: Sparta, Warrenton, Crawfordville, Norwood, Camak, Tubman High School and Richmond Academy, of Augusta, Hepzibah, Sandersville, Louisville, Wrens and the Agricultural College.

The program began at 10 o'clock with the declamation contest, in which nine boys took part. After this, Governor-elect Joseph M. Brown made a short address, but one that still further engrafted him in the esteem of those who heard him.

The next feature of the day, in which all enthusiastically entered, was the barbecue and basket dinner. Warrenton had here made display of her plenty. The long table was loaded with all the substantial and the delicacies sufficient for any epicure, and the high school girls showed themselves in white caps and aprons most efficient dispensers of this bounty.

Following the dinner came the field day exercises, the 100, 220 and 440-yard dashes, the 120-yard hurdle, the 440-yard relay race, the potato race, the running broad and the high jump, and putting the 12-pound shot.

Scarcely before the track events were over, Warrenton High School and the Georgia Military College, of Milledgeville, had crossed bats for, perhaps, the hardest fought game ever witnessed in Warrenton. The immense crowd was an inspiration to both teams. The outcome was, until the last inning, in the balance; but the score was 2 to 1 in favor of Warrenton.

Eight girls from the same number of schools in a recitation contest beginning at 8 o'clock p. m., closed the schedule for the day. Every seat in the auditorium had been taken. Every girl had been well-trained in a well-chosen recitation, and each succeeding number but added doubt in the minds of the audience and the judges and delight to all at their excellent rendition. Those who had the programs in charge certainly made no mistake in placing as the finale of the day, the girls, who almost invariably do their part well.

There follows below a more detailed program of the events of the day beginning at 10 o'clock: Welcome address by Col. E. P. Davis; response by Prof. T. H. Garrett, Augusta; greeting from local students by Mr. John Evans; assembly march, twenty-five girls; response from visiting students, Mr. Millard Gamble, Louisville; Grand Valse De Concert, by Misses Eunie May Ivey and Sunbeam Howell; declamation, "Opportunities of a Scholar," by Louis Burton, Crawfordville; declamation, "Captain Jack," by Floy Holt, Sandersville; chorus by senior class Tubman High School; declamation, "Stars and Stripes," by Roy Cooper, A. R. C., Augusta; declamation, "Spartacus," by Leon J. Farmer, Wrens; song, Groo Groo Man, by Miss Mildred Lewis, accompanied by Miss Lazinka Lawis, Sparta; declamation, "Matt F. Ward's Trial for Murder," by John Lewis, Sparta; declamation, "Cuba Libre," by Screven Farmer, Louisville; quartet, two pianos, march, by Misses Mabelle Burkhalter, Lillie Anderson, Francis and Vie Davenport, Col. Subjects from Shakespeare's Julius Caesar and Merchant of Venice were given by the judges after the pupils had assembled in the room for the contest, and the skillful handling of the subjects by each one of the students reflects credit upon the English departments of the schools they represented. The executive committee regarded this contest, which was not public, as perhaps the most important of all.

Athletic Badges.

The state committee has had designed a silver badge to be given to students in the High Schools of Georgia, members of the several district associations who make four of the records mentioned below in the semi-annual athletic contests held under the rules prescribed. These badges can be bought by the schools at 50 cents each from the state executive committee on submitting list of successful contestants, records made, accompanied by a statement of principal and committee of judges that the contest conformed to the rules.

In this way it is hoped that all High School students will be encouraged to take part in wholesome athletic contests throughout their school course. They may all strive to reach these records though they may not be first.

Athletic Badge Competition for High Schools.

100 Yards Run, outdoors,.....	13 seconds
Standing Broad Jump,.....	6 ft. 6 in.
220 Yards Run,.....	28 seconds.
Pull Up,.....	9 times.
Running High Jump.....	4 ft. 4 in.

The following general rules shall govern the official competition: There shall be but one trial in chinning, one in the dashes and three in the jumps—the last two in accordance with the Public School Athletic League rules.

Chinning.—The boy shall extend himself to his full length before and after each pull up and shall be obliged to raise his body to such a height as to bring his chin over the bar.

Jumping.—The rules of the P. S. A. L., as set forth in the Handbook, Rules XXV. and XXVII., shall govern this test, except that, as there is no real contest, o. e., there is no striving for first, second or third place, the final shall be dispensed with.

100 Yards Dash and 220 Yards Run.—The general rules of competition, as set forth in the P. S. A. L. Handbook, shall govern this test, except there shall be no finals. With reference to false starts, a competitor shall be penalized in accordance with Rule VIII.

N. B.—Drawing and shop work in manual training schools shall count one hour for two.

Competition for athletic badges in the high schools shall be left in the hands of each member of the district association to handle as he sees fit. He shall conduct these tests personally, or through some one he may select, who will in turn report to him, and the member of the association shall be held responsible. He shall forward the names of the successful candidates to the president of the state association, who will forward the athletic badges to the principal of the school.

The high school boys may receive a Silver Athletic Badge. These tests may be held twice each year in high schools.

Reports for the fall tests must be sent in before December 1, and for the Spring tests before June 1.

Suggestions to Athletic Contestants.

1. Always warm up slowly and cool off gradually when finished.
2. Stop practice before you are exhausted.
3. Dress lightly for practice or competition, but put on warm clothing at once when you have finished.
4. Practice regularly; a little each day, if possible.
5. Have regular hours for eating and sleeping.
6. **DON'T SMOKE.**

Athletic Courtesy.

The Association endeavors to foster clean sport between gentlemen. The following statements express the spirit to be sought and maintained in such sport. It is the privilege and duty of every committee and person connected with the League to embody these principles in his own actions and to earnestly advocate them before others:

(1.) The rules of games are to be regarded as mutual agreements, the spirit or letter of which one should no sooner try to evade or break than one would any other agreement between gentlemen. The stealing of advantage in sport is to be regarded in the same way as stealing of any other kind.

(2.) Visiting teams are to be honored guests of the home team, and all their mutual relationships are to be governed by the spirit which is understood to guide in such relationships.

(3.) No action is to be taken nor coarse conduct pursued which would seem ungentlemanly or dishonorable if known to one's opponent or the public.

(4.) No advantages are to be sought over others except those in which the game is understood to show superiority.

(5.) Officers and opponents are to be regarded and treated as honest in intention. When opponents are evidently not gentlemen, and officers manifestly dishonest or incompetent, future relationships with them may be avoided.

(6.) Decisions of officials are to be abided by, even when they seem unfair.

(7.) Ungentlemanly or unfair means are not to be used even when they are used by opponents.

(8.) Good points in others should be appreciated and suitable recognition given.
