The President's Message

Today, too many young Americans leave school without the tools of learning, an interest in learning, or any idea of the relationship of learning to jobs. It is a challenge that so many of our students are not being reached today by the very institution charged with the primary responsibility for teaching them.

Sputniks and satellite cities, computers and confrontation politics, television and the technology of labor saving devices all have placed new demands on our educational system.

The body of knowledge has so exploded that it can no longer be stored in a single mind.

For longer than most of us can remember, secondary education has accepted the thesis that a good program of extra class activities is valuable to the whole education of high school youth.

Participation in athletics will continue to be attractive to many boys and girls as a means of achieving identity. Football, basketball, track, baseball, golf, tennis, bowling, skating, soccer, and a variety of athletic activities will be found in tomorrow's schools.

Athletic participation must reflect good manners. This comes first. Athletic participation must show concern for good sportsmanship — to play the game by the rules. Athletic participation should develop a keen desire to win. Athletic participation can be a source of great pleasure to members of team and individual sports.

In my judgment America continues in the vanguard of world leadership and is supplying the necessary strength to peoples everywhere. It is your job and mine to train those who will maintain our strength and take the leadership in the days ahead. For what I know, you are doing your share and in a commendable fashion.

We are deeply indebted to our Executive Secretary, his assistant, and ladies in the office for services unexcelled anywhere.

Thank you for the privilege and honor to serve the Georgia High School Association as president, thereby serving the boys and girls of this State.

Please feel free to call on me if you think I may serve you. Call on our State office for services we may render you.

May you have a happy and successful year.

From The Secretary's Desk

SPORTSMANSHIP—During the past year the GHSA has published a brochure outlining a number of items that may be used to promote better sportsmanship. The GHSA State Executive Committee has instructed the State Office to continue every effort to promote better sportsmanship.

Under the general policy of the GHSA the individual school is held responsible for the conduct of its spectators, faculty members, coaches and players. Each school is urged to study the sportsmanship brochure and to implement the suggestions made in the brochure.

OFFICIALS—In as much as the basketball sectional playoffs are a part of the State Basketball Tournament, the State Executive Secretary has been directed to assign officials to handle these games.

LOCATION OF BASKETBALL SECTIONAL PLAYOFFS—The State Secretary has been directed to set the location of the basketball sectional playoff game but that such will not necessarily be in the area of a region winner. The State Secretary has been instructed to set the location at the best possible place, neutral if feasible, but in a facility that will accommodate spectators and will have police protection. Efforts are to be made to use the best possible facilities and the fact that a school has played a game or games in the facility will not eliminate the facility from consideration.

DOUBLE ELIMINATION REGION BASKETBALL TOURNAMENTS ENDED—Each region will determine its region basketball tournament by season play or by tournament or a combination of season play and tournament, but in no case will a double elimination tournament be played in the region.

RULES EXAMS FOR COACHES AND ATHLETIC DIRECTORS—Beginning with the school year 1969-70 coaches will be required to take in the sports which they coach the same rules exams as required for officials in these sports. Exams will be required of athletic directors. Exams will be given and supervised by the State Office. In some cases they will be given at local schools and in some cases at a central location for the area involved. At the present time exams are available as required for officials in football, basketball, baseball and wrestling. The program of exams will be extended to other sports as exams become available.

SUMMER CAMPS—Beginning with the summer of 1970 no pupil may attend a summer athletic camp or clinic in which any member of his school's coaching staff is an instructor.

ELIGIBILITY OF A PUPIL ATTENDING A VOCATIONAL TECHNICAL SCHOOL OR AN INSTITUTION OF HIGHER LEARNING—Special programs have been developed in the past several years whereby a pupil in what would normally be the senior year is permitted to attend a Vocational Technical school or an institution of higher learning. Under the special student rule such pupils have not been permitted to be eligible for athletic and activity participation. A change has been made to provide that such pupils will be clear under the special student rule provided that they meet all other requirements and:

1. That the pupil is carried on the attendance register of the parent high school and the parent high school receives State funds based on the pupil's attendance. (If enrolled in a private high school he would be required to be a full tuition paying pupil.)
2. That he is carrying work in school which is equivalent to four unit subjects and is passing in three.
3. That credit is given by the parent high school for the work done in the Vocational Technical school or College.
4. That the pupil is not and has not participated in athletics and/or activities in the Vocational Technical school or College.

While the pupil may be clear as to the special student category, the pupil will be required to meet age, normal semesters, transfer, passing previous semester, etc., rules.

TYPING—In the Literary meets or region and state level both manual and electric typewriters will be permitted. Contestants will furnish their own typewriters. A school may enter only one boy and one girl in typing but the school may elect as to whether the contestant will compete in the manual or electric division. A school can enter a boy in one division and a girl in another, but a school cannot enter a boy in both manual and electric nor a girl in both manual and electric. A school will be limited to one boy and one girl in typing but each may elect the type of machine that will be used. Manual contestants will be judged separately from electric contestants.

Beginning in the school year 1970-71 manual typewriters will be eliminated and the competition will be on electric machines.

RECLASSIFICATION COMMITTEE—The below listed special committee has been appointed to study the matter of reclassification. The committee will be expected to make recommendations to the State Executive Committee at the meeting in November 1969.

M. E. Nichols, Valdosta, Chairman
Harry A. Brown, Chickamauga, Vice Chairman
S. F. Burke, Thomaston
Elmer Morrow, Decatur
W. Herman Dollar, Columbus
T. P. Stuart, Dublin
Max Ivey, Atlanta

POLICY IN REGARDS TO BAND AND MUSIC PARTICIPATION—Below are given the general policy which applies to band and music groups. This policy has been set up by recommendation of the GMEA and has been approved by the GHSA. A school may participate in band or music events as follows:

- a. GMEA music festivals on dates approved by the GHSA. A list of these is printed in this bulletin and on the GHSA calendar.
- b. GMEA music clinics. Dates and places for these will be set by the GMEA and efforts will be made to get this information to schools as soon as possible.
- c. One approved band day at a college or university. A list of these will be in the bulletin and on the calendar. Applications may be received and approved for other band days. If a school receives an invitation to a band day not listed, the GHSA State Office should be contacted prior to acceptance.
- d. One music festival in addition to a, b, and c. The reference to festival means non-GMEA special music events in which an entire unit or a majority of a musical unit participates. This item does not apply to any music event which involves only schools of the same system.
A school is free to participate in one music festival in addition to a, b, and c and whether or not there is competition, awards, or prizes has no bearing.
Effective with the 1970-71 school year the following change will apply:

A maximum of one school day per year may be missed from school for either of the two following events but not both:

- (1) One non-GMEA sponsored marching band event
 - (2) A parade, concert, or exhibition as the local school may see fit.
- e. Bands and music groups are free to participate in any Georgia parade, concert or exhibition as the local system may see fit as long as there are no prizes, ratings or awards. Out of state communities which are a part of the schools local community may be visited under this provision. (i. e., Rossville/Chattanooga, Augusta/Aiken, Columbus/Phenix City.)
 - f. Music groups honored with an invitation to perform at professional meeting of educators are encouraged to do so.
 - g. For the school year 1969-70 the requirement that a participant in band or music festival meet the GHSA eligibility requirements, has been suspended.

DEBATE—There has been a change made in the debate program. After the region winners have been determined, the region winner will be matched against each other in an elimination debates in a program similar to football and baseball eliminations. The bracket for the elimination with special directions is found in the debate section of the bulletin.

PASSES—The matter of statewide passes continues to have problems. The passes requisitioned by Principals for school use are for the Principal, members of the athletic coaching staff and a band director. Principals are requested to check the list carefully. Statewide passes are not issued to chaperons, bus driver, scouts, etc. The individual schools take care of such personnel at their individual games. The requisition sheet for passes must show the sport or sports which the individual coaches as all coaches will be required to take the rules examinations in the sport or sports in which such examinations are available on the same basis as game officials.

SPRING FOOTBALL PRACTICE—A slight change has been made in the Spring football practice program. The practice period is limited to 4 consecutive weeks (28 calendar days) and must be completed by the end of the winter semester, the spring quarter or by June 10, which ever comes first. This change was made due to the changes in the school program whereby a number of schools are operating on a year around quarter basis.

GIRLS BASKETBALL RULES—Girls basketball rules for the school year 1969-70 will be played under the same general rules as the past year. There have been a few minor changes made in both boys and girls basketball. The use of the rover type player will not be effective in Georgia for 1969-70. This change has been adopted and will be in effect under the National Girls Secondary

Basketball rules for the season of 1970-71. Georgia along with several other states was given notice of the change a year in advance so that plans may be made for the change over. A supply of basketball rules for the rover type play have been ordered and each school playing girls basketball will receive a copy so that they can make their plans for the following year.

AGREEMENT WITH HEW—In order to make an orderly transition in desegregated school systems an agreement has been made and confirmed with HEW as to transfer of pupils from formerly predominately negro to formerly predominately white schools. Except for school systems which are operating under a specific court order and for school systems which have been completely desegregated, a pupil transferring from a formerly negro school to a desegregated school for the first time will be clear as to the transfer rule if such transfer is made upon entrance into 9th, 10th, or 11th grade. Any transfer after entrance into 11th grade will be subject to regular GHSA standards.

This means that a pupil in a school system not under a specific court order and not completely desegregated who transfers to a desegregated school for the first time not later than entrance into 11th grade will be clear as to the migratory rule, and if meeting all other requirements, will be clear.

PARTICIPANTS NOT LISTED ON ELIGIBILITY REPORTS—There have been a number of situations in which a region has permitted pupils to participate in region events when such pupils have not been certified to the State Office. By action of the State Executive Committee, if such occurs the following will apply: (1) if the event is an individual event such as in track, tennis, wrestling etc., the contestant will be disqualified and any place that the contestant has won will be forfeited; (2) if the event is a team event such as a basketball game, trio, relay etc., the team will be disqualified and any place that the team has won will be forfeited. The fact that an individual has been permitted to compete in the region will not permit the participant to be clear. It is the responsibility of the individual school to have all contestants properly certified.

ELIGIBILITY REPORTS—The procedure for the certification of pupils has been simplified. Considerable work and time can be saved for the school administrator and the State Office if eligibility reports are properly filled out. Some of the items to which specific attention should be directed are:

1. Eligibility Certificate

- a. Submit original and two carbons (1) is returned to the school; 1 goes to the region; 1 remains in the State Office)

- b. List in alphabetical order, last name first.
- c. Separate report IS NOT required for each sport. After a pupil has once been reported and cleared during the year, no further report is needed in the State Office for that pupil during the year.
- d. Boys and girls may be listed on the same sheet.
- e. Individual sheet should accompany eligibility certificate for each pupil being reported for the first time by the school.
- f. Signature of the Principal or Superintendent is necessary.

2. Individual Sheet

- a. File ONE sheet for each pupil who is being reported by the school for the first time. After an individual sheet has been filed by a school no further individual sheet is necessary for that school for the pupil.
- b. List the name of the pupil in full. Nickname can be placed in parentheses after the name. Listing pupils as "Junior" Jones or "Slim" Jones makes it difficult to identify pupils on future reports.
- c. Give date of birth—indicate authority for birthdate.
- d. Be sure that the section showing date of completion of 8th and first entrance into 9th grade is complete and correct. An error in this section can seriously affect the future eligibility of a pupil.
- e. When a pupil certified for the first time is above 9th grade level, be sure to fill in the attendance record by years to show where and when in each grade beginning with the 9th. Be sure that the attendance record is in agreement with the section showing date of first entrance into grade 9.
- f. If a pupil is a transfer to your school from some other high school, it is necessary for you to file an individual sheet for that pupil from your school. Use the space at the bottom of the individual sheet to indicate the situation in regards to the transfer. Quite frequently this will save considerable correspondence and establish the pupil's status without delay. Information as to where the pupil lived last year, with whom and relation, and where the pupil is living while attending your school, with whom and their relation will help to clear your report.

3. General

- a. The report submitted to the State Office becomes a permanent record. Care should be utilized to have the indivi-

dual sheet complete and correct as an error on the original filing can cause difficulty one to three years later.

- b. Signature of the Principal or Superintendent is necessary on the individual sheet. Individual sheet should be completed based on school records. These sheets should not be filled out by the individual pupil involved.

EIGHT SEMESTER RULE—The normal semesters of years of enrollment of a pupil in the last four grades of high school is 8 consecutive semesters or four consecutive years. A pupil is ineligible for further participation in interscholastic participation 8 consecutive semesters or four consecutive years from date of first entrance into grade 9. This means that the opportunity to participate ends for a pupil 8 consecutive semesters or 4 consecutive years from date of first entrance into grade 9.

 - d. A., b. and c. will apply to a sub-region except where two teams are tied in a sub-region and have played during the regular season, the winner of the regular season game will be the winner of the sub-region.
