The President's Message

For better or worse we have done with the 70's and are off with a running start on a new decade. As we reflect on the 70's, we realize that the cumulative events of the past ten years bequeathed to our youth enormous concerns that often they could only respond to with attitudes scarred by a sense of futility and frustration. With the heightened objectivity of retrospect, we feel that GHSA played a role in countering the negativism of these attitudes by providing goals that were challenging but obtainable. We see that these success oriented goals gave our youth challenges that they could meet, replacing frustration with pride, replacing futility with a sense of accomplishment.

As educators we accepted, and we continue to accept, the role of instilling in our youth not only the spirit of competition, but also the spirit of cooperation. It is the competitive spirit that leaps to the challenge, but it is the cooperative spirit that stems the rash rush ahead into the steadied gait of progress. Indeed, the challenge to individual accomplishment that cooperates to further the common good may be considered both the key note of our democracy and the hallmark of the philosophy of our educational purposes, as well as the philosophy of GHSA. We firmly believe that the GHSA events should be used as a powerful facet of education to foster the unique balance of the competitive, and the cooperative spirit.

We realize that our teenagers are initiated into the realities of a world that they did not create, but that we adults of the preceding generation shaped for them. We accept the sobering responsibility of education to equip our youth with the ingenuity and tenacity to manage the world we have handed them. We also accept the responsibility to guide our youth towards the wisdom to mold an acceptable future for the young they produce. In the new decade we strive to replace fear with force and inertia with energy, and to promote in our young a newness of approach, a freshness of spirit and a revival of hope.

Our GHSA goals, like those we set for our young, are challenging but obtainable and must be accomplished with the same spirit of competitiveness tempered with cooperation in our efforts for the common good. For GHSA to approach its potential for service also requires that the member schools acquire a full understanding of both the possibilities and the restrictions of our constitution and its by-laws. We urge a careful study of the handbook governing our competitions. Tensions can be avoided by planning cognizant of our regulations. While the staff makes an effort to present to you a handbook that is complete and clear, we realize that situations arise that need a more considered interpretation of policy. The state GHSA office is ready to use its experience and authority to expedite solutions to your concerns.

The past two terms as your GHSA President has afforded me opportunities to expand my knowledge and has given me deeper insight into ways our Association can support member schools. My concern as your president for another year is to use this two years experience to bring added dimensions of service and enrichment to our 1980's program.

APPEALS BOARD — Eight (8) days have been set on the calendar for the Appeal Board to meet. A request for a meeting other than the scheduled dates, must be accompanied by a check for \$100.00. The check is to be refunded if the Appeal Board upholds the appeal.

BASKETBALL — The same sites will be used as were utilized last year. Macon and Atlanta will interchange classifications for the final playoff.

BOARD OF TRUSTEES — Easement granted to City of Thomaston to widen the sidewalk from 24" to 36", with the City to bear all expenses. Fence fronting the office building to remain down.

Appraise the house and lot at corner of Bethel and Highway 74 by three realtors and bring to the October meeting.

BY-LAWS — A change has been made in Section 1-8-a.4. Page 35 of the 1979-80 Constitution and By-Laws to read as follows: (to take effect immediately - November 1, 1979)

4. A pupil who transfers from one school to another because of a bona fide change in custody from one parent to another parent is eligible in the high school of the new parent's residence provided she/he meets all other requirements and provided that such change in custody is ordered by a court of proper jurisdiction after a hearing and a determination by said court that such change in custody is in the best interest of the child. However, a pupil who is ineligible at one school and transfer to another, cannot regain eligibility by such transfer.

The above change deletes the reference to "guardian", therefore a student whose custody is transferred from a parent to a guardian or from one guardian to another will be in violation of the migratory rule. Such violations will, of course, be subject to review by the Hardship Committee.

Enrollment of students to the school of their residence from non-member schools:

- A. The migratory rule will not apply to these students for one (1) initial move provided he/she meets all other eligibility requirements under the GHSA.
- B. The student was a bona fide enrolled student in the 9th grade or above in her/his home high school prior to attending the non-member school.
- C. Students who have not established a home school in grades 9-12 are eligible immediately upon transfer from a non-member school to a member school in her/his area of residence.

A student will remain eligible as long as the student remains with the

same natural parent who retains court awarded custody, regardless of their parents marital status, and as long as the student meets all other eligibility requirements.

Page 35, item 8a 2 and 4 shall read:

However, a pupil who is ineligible at one school, under GHSA rule, and who transfers to another school, cannot regain eligibility by such transfer.

Page 37, item 15, Section I is amended by including "Alternative School".

DEBATE — The debate topic for 1980-81 is:

Resolved: That the federal government should initiate and enforce safety guarantees on consumer goods.

FOOTBALL — The GHSA will predetermine the stadiums capable of meeting standards and criteria as listed in the Constitution and By-Laws, and publish the list prior to the start of the school year for all classifications. The seats must be a of a permanent nature, and there at the beginning of the season.

August dates for practice in pads:

3 weeks Spring practice - August 4, 1980

4 weeks Spring practice - August 11, 1980

Page 71, item 16b - add the phrase "or higher classification following "of the same classification."

Page 74 - under location, item C change the word "should" to "shall".

Page 74 - under finances, item 2a (Sales Tax) change the figure 3 to the word applicable.

Under Jamborees or Spring games change to permit a school to play 48 minutes of playing time in either Jamboree or Spring game. This limits a team to 4 quarters of twelve minutes each. The playing time of quarters may not be changed.

PASSES — Page 50, item 15a shall read: A lifetime pass will be issued to individuals who have served at least 20 years as administrators and/or coach, 10 years of which must have been in Georgia, and who has retired from the teaching profession in Georgia.

POST SEASON PLAY — Section 4, paragraph 16, 1 a shall read: **thirty** days prior to the playing of such contest or game. (rather than ten days)

1D. Under same reference change football to read: "contest is

approved”.

1E. Under same reference change football to read: “contest is approved”.

Add item 1F. under same reference to read from National Federation sanctioning procedure:

Application for sanction must be submitted in duplicate at least 60 days prior to the event to the state high school association from which schools will be involved in international competition. Following approval by the host state executive officer, the application then shall be forwarded to the National Federation of State High School Associations for consideration. If approved, the National Federation will then notify the host state and appropriate national representative of the international sports federation of the competition.

POSTPONED OR TERMINATED GAMES –

Any game of football, basketball, or soccer interrupted due to human, mechanical, or natural causes, will cause the official in charge to **terminate** the game/contest after **no more than one [1] hour** delay unless the problem has been corrected or has corrected itself. No contest will be continued after 11:30 p.m. **regardless** of time remaining. The one (1) hour delay time is **cumulative** from the scheduled starting time throughout the game/contest excluding the allotted time between periods. The following regulations will apply:

1. If one-half of game/contest is completed prior to termination it will be considered a **completed** game and the team leading in the score will be declared the winner.
2. If a game/contest is terminated prior to one-half of official play, it will be considered **no game** as a win or loss for either team. This is also applicable to a tied game/contest terminated after completion of one-half.
3. Rules and regulations pertaining to other than the above referenced activities will be adhered to as published in the GHSA Constitution and By-Laws.
4. When a game is postponed, the administrators or their designated representatives of the schools involved can reschedule the game/contest at a time compatible to both in keeping with the GHSA Constitution and By-Laws. If an agreement cannot be reached, the Region Executive Committee will decide the appropriate course of action in accordance with

the Region concerned and the GHSA Constitution and By-Laws. The Executive Secretary of the GHSA will be notified prior to replaying the postponed game/contest.

RATIONALE:

1. Safety and protection of competitors and spectators.
2. To provide a consistency state-wide in this area of concern.
3. Economy (energy consumption, financial, etc.)

NOTE:

This policy must be a high priority item with reference to explanation and understanding with the officials associations as well as administrators, coaches, and spectators.

POINT OF INFORMATION:

The State Department of Education considers the following prior to dispensing of school:

1. Emergency
2. Act of God
3. Disaster
4. Civil Disturbance
5. Shortage of vital or critical material and/or supplies (fuel, etc.)

RECLASSIFICATION — The following figures have been set for 1980-81 and 1981-82 classifications:

A -	324 down
AA -	325-549
AAA -	550-874
AAAA -	875 up

SOFTBALL — VOLLEYBALL — High school softball and volleyball will be played under National Federation rules for each sport.

SERVICE AREA — The Athens Academy service area is enlarged to include Oconee County, since the school is located in Oconee County.

TICKET PRICES — Except for Football, all State events that are conducted by GHSA (including sectional or state until conclusion of event), prices for admission are set at:

Basketball - \$3.00

All Other Athletic Events - \$2.00

WRESTLING — Class AAAA and Class AAA wrestling will operate on

a regional basis, with the first four places advancing to the State Tournament.

CHANGE OF RECORD AS TO DATE OF FIRST ENTRANCE INTO GRADE 9:

A policy has been set by the State Executive Committee that any request for a change in record as to date of first entrance into Grade 9, must be accompanied by a check, cash, or money order in the amount of \$10.00. A certified copy of the student's transcript **must** accompany the request and check for \$10.00. The use of the visiting examiner will be waived unless the Secretary-Treasurer feels this is necessary.

ELIGIBILITY REPORTS:

The procedure for certification of pupils has been simplified. Work and time can be saved for the school administrator and the State Office if eligibility reports are properly filled out. Items to which specific attention should be directed are:

1. Eligibility Certificate (Form E-2)
 - a. Submit original and two carbons (1 is returned to the school: 1 goes to the region; 1 remains in the State Office).
 - b. List pupils in alphabetical order, last name first.
 - c. Separate report **IS NOT** required for each sport. After a pupil has once been reported and cleared during the school year, no further report is needed for that pupil during the school year, unless eligibility has been interrupted.
 - d. Boys and girls may be listed on the same sheet.
 - e. For each pupil being reported for the first time by a school, an individual sheet for that pupil should accompany the eligibility certificate.

2. Individual Sheet (Form E-1)
 - a. File **ONE** sheet for each pupil who is being reported by the school for the first time. After an individual sheet has been filed by a school, no further individual sheet is necessary for that school for pupil, unless eligibility is interrupted.
 - b. List the name of the pupil in full. Nicknames can be placed in parentheses after the name. Listing a pupil as "Junior" Jones or "Slim" Jones, makes it difficult to identify pupils on future reports.
 - c. Give date of birth--indicate authority for birthdate. You will be assisting a pupil if you require the pupil to furnish a birth certificate.
 - d. The section showing date of first entrance in 9th grade should be complete and accurate. An error in this section can seriously affect the future eligibility of a pupil.
 - e. When a pupil certified for the first time is above the 9th grade level, be sure to fill in the attendance record by years to show where and when in each grade beginning with the 9th. Be sure that the section

is in agreement with the section showing date of first entrance into grade 9.

- f. If a pupil is a transfer to your school, it is necessary that you file an individual sheet for that pupil from your school. Use the space at the bottom of the individual sheet to indicate the situation in regards to the transfer. Frequently this will save correspondence and establish the student's status without delay. Information as to where the pupil lived last year, with whom, relation, and where and with whom the pupil is living now and their relation will help to clear your report.

3. General

- a. The report submitted to the State Office becomes a permanent record. Care should be utilized to have the individual sheet complete and correct as an error on the original filing can cause difficulty one to three years later.
- b. Signature of the Principal or Superintendent is required on the individual sheet.
- c. Individual sheets should be completed based on school records. Sheets should not be filled out by the individual pupil involved.

These items should assist you in completing your eligibility report:

- a. If a pupil's birthdate was prior to May 1, 1961, the pupil is overage and not eligible
- b. If pupil first entered the Ninth grade prior to 1977, the pupil is over eight semesters and not eligible.
- c. Eligibility reports and Region reports are considered first class mail.
- d. Postage due mail will be returned to the sender.
- e. Mail for the GHSA should come to P. O. Box 271, Thomaston, Georgia 30286

OFFICIALS EVALUATION:

The principal and the head coach of a member school jointly have the right to state their opinions concerning unsatisfactory officiating following a specified procedure as outlined below:

1. The GHSA has established an officiating committee.
2. The school must complete the standardized form, "Unsatisfactory Officiating Report," following the procedures stated on the form.
3. The school sends this form to the Executive Secretary-Treasurer of the Georgia High School Association.
4. The Executive Secretary-Treasurer notifies and sends a copy of the form to the particular officials' association identified on the form.

5. It is recommended that this officials' association not assign the named official to any game played by the school initiating the report for the remainder of that season.
6. The Executive Secretary-Treasurer will take action on an individual report.
7. The officiating committee will review each form and the action taken on each form. These reviews will be bi-annually and the officiating committee will make recommendations to the Executive Secretary in special problem situations.
8. This procedure will apply to all sports, but after the 1979-80 football and basketball seasons the procedure will be reviewed by the officiating committee for possible recommended changes and for expansion.

POLICY IN REGARDS TO FIELD MARCHING BANDS, CONCERT FESTIVALS — Full information in regards to approval of Marching Bands, Concerts, Festivals, etc., is printed in the 1974-75 GHSA Bulletin. Before entering any of the above type events be sure that it has been approved. Listed below are those that have been approved to date for any member school. Others may be added later. Constitution

ARTICLE I – Name of the Organization

This organization shall be known as the Georgia High School Association.

ARTICLE II – Object of the Organization

The object of the organization shall be the promotion of education in Georgia from a mental, physical and moral viewpoint; to promote the study of public speaking, to standardize and encourage athletics, and to promote appreciation for music, homemaking and other fine arts through Region and State Contests.

ARTICLE III – Membership

Sec. 1. SCHOOLS ELIGIBLE FOR MEMBERSHIP

The membership of the Georgia High School Association shall consist only of senior and junior high schools.

Sec. 2. GROUPING OF MEMBERSHIP BY SIZE

a. The Membership of the Association shall be divided into four groups as follows:

CLASS AAAA - Composed of eligible high schools with an adjusted A.D.A. of 875 or more.

CLASS AAA - Composed of eligible high schools with an adjusted A.D.A. from 550 through 874.

CLASS AA - Composed of eligible high schools with an adjusted A.D.A. of from 325 through 550.

CLASS A - Composed of eligible high schools with an adjusted A.D.A. from 324 down. (Rev. 1978)

b. These classifications shall apply for purposes of administration and competition.

c. Class AAAA, Class AAA, Class AA and Class A schools shall be grouped by regions for all competition.

Sec. 3. GROUPING – HOW DETERMINED

a. Classification of schools shall be based on the Average Daily Attendance (A.D.A.) secured from the State Department of Education. The A.D.A. report at the classification period shall be used to determine the classification of a school for a two-year period. (Based on figures through the first four months) (Rev. 1979)

b. Where schools are consolidated at a classification period, the combined A.D.A. figure of the consolidated schools shall be used to

determine the classification of the consolidated schools.

c. The three year high school (grades 10-11-12) shall be used as the base to determine classification figures, plus all EMR and other Special Education Students taught in self contained classrooms and carried on attendance registers which do not also include regular or non-special students.

In schools where students are designated as EMR but are not mainstreamed into the homerooms for reporting for ADA purposes, the following formula will be used:

- a. Schools with grades 9-12 - $3/5$ of EMR will be added to grades 10-12
- b. Schools with grades 8-12 - $1/2$ of EMR will be added to grades 10-12

1. Unless the school has at least 35 percent A.D.A. of each sex, it will be considered a single sex school. In which case the A.D.A. **SHALL BE DOUBLED TO DETERMINE THE CLASSIFICATION FIGURES.**

2. The State Executive Committee will set the figures for each classification at each reclassification period and will assign schools to classifications and regions.

3. New schools will be assigned classification upon projected system ADA for the school grades 10-12. Where the new school has 10th grade only, projected figures for feeder schools 8th and 9th grades apply. Where the new school has 9th grade only, projected figures for feeder schools 7th and 8th grades apply.

4. Once a school has confirmed its ADA with the GHSA, the ADA figures may not be changed. (Unless mathematical error in computation by the GHSA) (Rev. 1979)

5. After reclassification years, all regions will meet the second Saturday in January and plan for sub-division of the regions. (No Schedules may be drawn at this time). These plans are to be sent back to the full Executive Committee with no schedules drawn until the sub-divisions are approved by the full Executive Committee. These plans must spell out sub-divisions for all activities. All 32 regions must be approved before any scheduling may begin to avoid discriminatory actions by a region.

NOTE: Classification for the school years 1980-81 and 1981-82 is based on the A.D.A reports for the school year 1978-79. The next reclassification will be based on the reports for the school year 1980-81 and will become effective in the school year 1982-83. Schools will be notified of their classification by December 1, 1981.

Sec. 4 GROUPING OF MEMBERSHIP BY REGIONS

All Class AAAA, Class AAA, Class AA, and Class A schools shall be members of the Region organization in which they are located. Region boundaries shall be determined by the State Executive Committee at each classification period.

Sec. 5. COLLEGES

b. A school that changes regions by application must remain in the region to which transferred until schools are reclassified on a statewide basis.

c. A school may be moved from one region to another by direction of the State Executive Secretary-Treasurer.

d. A request to move from one region to another must be made over the signatures of the school's administrative authorities, i.e., the Principal and the Superintendent, and approved by the respective Board of Education.

Sec. 8. TRANSFER TO A HIGHER CLASSIFICATION

A member school desiring transfer from a lower to a higher classification may do so with the consent of the regions concerned and with the approval of the State Executive Secretary-Treasurer provided no rules are otherwise violated, and provided that the request for transfer is made to the State Office within 30 days after notice of reclassification has been made.

b. A school that changes classification by application must remain in the higher classification until schools are reclassified on a statewide basis.

c. A school may be moved from a lower to a higher classification by direction of the State Executive Secretary-Treasurer.

d. A request to move from a lower to a higher classification must be made over the signature of the school's administrative authorities, i.e., the Principal and Superintendent, and approved by the respective Board of Education.

These officers, together with any member of the State Executive Committee from the Region, shall compose the Executive Committee in their region.

b. A member of the State Executive Committee who is not an elected member of his Region Executive Committee shall be an added member of his respective Region Executive Committee. This provision that only one member of the Region Executive Committee may come from the same school will apply only to the members elected by the Region, and will not apply when the State Executive Committee member in the region is from the same school as an elected member.

Sec. 6. DUTIES OF OFFICERS

The duties of the various officers and committees shall be those usually devolving upon such officers and committees. It is specifically the duty of the State Executive Committee and the Region Executive Committees to seek at all times to educate the school officials under their jurisdiction, and at the same time to check vigorously any practice or violation of the rules by exercising the full penalty for such violations if it is deemed necessary.

The term of office shall be for a period of three years. Any vacancy occurring on the State Executive Committee shall be filled by the Region Committee until the next meeting of the Region concerned.

Sec. 8. AUTHORITY

a. The State Executive Secretary-Treasurer shall be authorized to interpret rules with the authority to impose their proper penalty.

b. All questions of eligibility, or other matters subject to investigation, must first be submitted to the State Executive Secretary-Treasurer. The State Executive Secretary-Treasurer after

hearing and-or examining the evidence of the party or parties concerned, shall render a decision.

c. Should either the defendant or the plaintiff not be satisfied with this decision, appeal may then be made to the State Appeal Board through the State Executive Secretary-Treasurer.

d. When an appeal is made, should the State Executive Secretary-Treasurer fail to notify the State Appeal Board within one week, an appeal may then be made direct to the State Appeal Board either through the State President or the Executive Secretary-Treasurer.

e. The State Appeal Board after hearing and-or examining the evidence submitted by the party or parties shall uphold or deny the decision. (Rev. 1978)

f. If either party is not satisfied with the decision, or if the State Appeal Board fails to act within one week, either party may appeal to the State Executive Committee through the State Executive Secretary-Treasurer, provided the party or parties appealing shall pay the entire expenses of the State Executive Committee when called together for such a purpose.

g. The State Executive Committee after hearing and-or examining the evidence submitted by the party or parties concerned shall render a decision.

h. No other method of appeal shall be held valid and any appeal must begin with the first step outlined and not eliminate any step until reaching the final court of appeal, the State Executive Committee. When the decision by the State Executive Committee is in favor of the appealing party or parties the State Executive Committee may charge the expense of the meeting to the Georgia High School Association and reimburse the appealing party or parties.

Sec. 9. VOTE

Each school shall have one vote in a Region meeting and each member of the State Executive Committee shall have one vote in the State Executive Committee meeting.

Sec. 10. AMEND CONSTITUTION AND BY-LAWS

a. It shall take a two-thirds vote of the State Executive Committee to amend the Constitution.

b. A majority of votes of the State Executive Committee shall be required to amend the By-Laws.

c. The Executive Committee shall designate the effective date of any change in the Constitution and-or By-Laws. (Rev. 1976)

d. Proposed changes in the Constitution must be submitted to the State Executive Secretary-Treasurer in writing on or before October 31. These proposed changes shall be submitted by the State Secretary-Treasurer to each Region Secretary not later than November 30.

SEC. 4 FOOTBALL

1. The State will be divided into regions in each class. Region lines may not be the same for all classes.
2. A region may be sub-divided by the schools of the region concerned.

The number of sub-divisions may be two or more with approximately the same number of schools in each sub-region.

3. No high school shall belong to any other football organization than that to which assigned by the Georgia High School Association and be eligible for membership in the Georgia High School Association.
4. All football games played by member schools of the Georgia High School Association must be played under the football rules as adopted by the National Football Rules Committee of the National Federation of State High School Associations. In case of a suspended game, the State Executive Secretary will determine if and how a game will be resumed.
5. All varsity football games will be played with a minimum of four officially dressed football officials who are registered under the Georgia High School Association plan for the registration of officials, or with the State Association of another State.
6. a. Reclassification is provided in Article III of the Constitution.
b. After reclassification years, all regions will meet the second Saturday in January and plan for sub-division of the regions. (No schedules may be drawn at this time). These plans are to be sent back to the full Executive Committee with no schedules drawn until the sub-divisions are approved by the full Executive Committee. These plans must spell out sub-divisions for all activities. All 32 regions must be approved before any scheduling may begin to avoid discriminatory actions by a region.
c. No school in the region may schedule any football game beyond the season of 1981 prior to the region meeting.
d. Any contract extending beyond 1981 season may be voided, if necessary to complete the region schedule. NOTE: All schools are urged to work toward adjusting of contracts so that no two-year contract will extend beyond the odd-calendar year. This will do much toward simplifying the making of region schedules.
7. a. Each school must file its football schedule with the State Executive Secretary-Treasurer no later than March 1 of each year. Schedule must show day, date, and place of game.
b. Any school making a change in football after the schedule has been filed with the State Executive Secretary-Treasurer, shall notify the State Executive Secretary-Treasurer of such change. For any change in schedule involving a region game, notification must be made prior to the date for beginning of football practice.
c. Any game or games involved in a change or schedule after the date set for the opening of football practice shall not count in region or sub-region standings.
d. Limitation regarding a change in schedule shall also be construed to prevent a school from cancelling a game when such a game could affect the region and-or sub-region standings.

NOTE: A change in date with the same opponent will not be construed as eliminating such game from region and-or sub-region standings.

8. a. The maximum number of games that a school may schedule in its regular season must be limited to ten. This limitation of ten games in the regular season shall not include playoff games.
b. No football game may be played on a night preceding a school day without specific authorization from the State Executive Secretary-Treasurer.
9. The regular season must end by the Saturday prior to Thanksgiving. (4th Thursday)
10. No football practice in pads may be prior to the beginning date set for the respective season. For the 1980 season, those regions who opted for three weeks of Spring practice, the beginning date in pads is August 4, 1980. For all other regions the beginning date is August 11, 1980. A school may begin working out earlier than the set practice date, provided that such workouts will be without pads. (Headgears, face guards, mouth pieces, and shoes may be used)

NOTE: Extra workouts without pads have been provided in an effort to secure better condition and reduce injuries.

11. There will be no inter-school practice and-or scrimmage in football.
12. Spring football practice shall be limited to a period of four consecutive calendar weeks (28 consecutive calendar days) and must be completed by the last day of the second semester, the last day of spring quarter or June 10th whichever comes first. By region action, one week of Spring football practice may be eliminated for all schools of that region, and the schools in that region may practice in pads one week earlier than the Fall date for practice in pads.

NOTE: Playing a football game with alumni during the Spring football practice is a violation of the post-season rule. Intra-squad game involving pupils currently enrolled in the school is clear. Any other type game is an eligibility violation.

13. To qualify for championship consideration of a region or sub-region a school must play a minimum number of games with schools in its region and classification as follows:
 - a. In any region or sub-region in which there are eight (8) or less schools, each school must play each other school in that region or sub-region.
 - b. In any region or sub-region in which there are nine (9) or more schools, each school must play eight (8) regional or sub-regional games.

- c. In a case where a school is assigned to a region or sub-region after the region or sub-region has been determined, (i.e., a school beginning football) any games played with that school will count but in case the region or sub-region is less than eight (8) schools it will not increase the minimum number of games for that region or sub-region until the year following the assignment of the new school.
 - d. In any region or sub-region in which there are six (6) or less schools, if each school plays each other two games, both games will count as region games. In any other case where two schools have played more than once during the regular season only the first game shall count in the regional standings. (Exception - a tie among more than two teams.)
14. Any games scheduled by a school which does not play a regional or sub-regional schedule to qualify for championship consideration, will not count for or against any opponent.
15.
 - a. Upon presentation to the State Secretary-Treasurer of evidence to show that a school cannot secure the required number of games in a region or sub-region, the State Executive Secretary may authorize each school to substitute any number of games in any classification or region to qualify for Championship consideration.
 - b. A request for substitution of game or games shall be submitted to the State Executive Secretary-Treasurer prior to September 1st.
16. The championship of each region will be determined by the Saturday prior to Thanksgiving (4th Thursday) on the following basis: (Where a region is sub-divided into more than two sub-divisions, schedules must be completed two weeks earlier than the date for determining region championship).
 - a. By percentage standing, counting the region or designated games and in case of a tie between two teams a play-off shall be held.
 - b. In case of a tie among two or more teams, the percentage standings counting all games with schools of the same classification or higher classification playing a region schedule qualifying for championship consideration shall be used to determine the region winner.
 - c. If after the application of the above paragraph two or more teams remain tied, a play-off shall be held.
 - d. A, b, and c, will apply to sub-region except where two teams are tied in a sub-region and have played during the regular season, the winner of the regular season game will be the winner of the sub-region. Where there is a tie among more than two teams in a sub-region, if after the application of b, two teams remain tied, the winner of the regular season game will be the winner of the sub-region.
 - e. In the playoffs not more than two games may be played by the

same team within a period of six days (at least five between games).

- f. If a situation develops where two or more teams are tied in a region or sub-region, and conditions are such that one or more teams would be required to play more than two games within six weeks (or within five day interval), then the schools in the region or sub-region involved, will determine by ballot their representative in the playoffs.
- g. In calculating the percentage standings, the games won shall be divided by the games played with any tied game counting a one-half game won.
- h. By the majority vote of the schools of a region meeting for scheduling, provision may be made for a playoff between the first and second place teams in the region. The regulations as to ties will apply when two or more teams are tied for first or when two or more teams are tied for second.

17. The football playoffs for 1980 shall be as follows: (Rotate brackets every third year.)

a. AAA and A

Region 1			(H)	
Region 2	(H)	_____		
Region 3				_____
Region 4	(H)	_____

18. In case of a tie in any play-off game, sub-regional, regional, or semi-final, preceding the final state championship game the following system will be used to determine the winner:

- a. When a game ends in a tie score, two overtime periods of five

minutes each will be played with all regular football rules applying, except that each team will be allowed one charged time out for each overtime period.

- b. After the conclusion of the regular game there will be an interval of two minutes. The two captains will meet on the field for a coin toss and the winner will have the same options that apply at the beginning of the game. The loser of the toss shall have the same options at the beginning of the second overtime period as in the second half of a regular game.
- c. There will be a two minute interval between the first and the second overtime period during which each team may meet with its coaching staff at its bench area.
- d. The team which is ahead at the end of the second overtime period is the winner. Points scored will be added to the regular game score.
- e. Two different color flags furnished by the home team (markers) will be used to mark on the side lines the nearer advance of each team to the other team's goal line. If the score is tied at the end of the second overtime period, the team which has advanced nearer to its opponent's goal line is the winner. (One point is added for advancing nearer to the opponent's goal line.)
- f. There is a possibility that either or both teams may score a touchdown during the overtime periods and there is a possibility that the score will remain tied. The advancement in e. will apply, if prior or subsequent to the touchdown drive.
- g. It is suggested that an official (which is the responsibility of the host team) on the side line mark the spot of advancement for either team, and that in addition to marking with a flag (marker) that it be noted in writing with each change of advancement indicated. (This will provide exact information in case a marker is moved by wind, accident, etc.)
- h. The score remains tied at the end of both overtime periods. Team A has its advance to its own forty yard line (60 yards from opponent's goal): team B has its advance to its own 46 yard line (54 yards from opponent's goal). Team B is the winner.
- i. A touchdown, field goal or safety does not eliminate any prior or subsequent advancement.
- j. In the unlikely event of a tie at the end of the second overtime period, the plan in the current rule (football) book will be employed to break this tie.

19. In case of a tie in the State final championship game, the two tying teams will be declared co-champions.

1. **GENERAL RULE.** Every word omitted, inserted, misspelled, or in any manner changed from the dictated material (except in case of transposition and rewritten material) must be penalized.

Errors are not charged both for the transcribing of wrong words and for the insertion of others on the same construction. For instance, the checker should count the number of words incorrectly transcribed and that will be the total of errors on that construction; but if the number of incorrect words the student transcribes on a particular construction exceeds the number of those he should have transcribed, he is charged always with the greater number.

2. **TRANSPOSITION.** Words when transposed are penalized one error for the transposition; additional penalties are imposed for errors in the transposed words.
3. **REWRITTEN MATTER.** In any rewritten matter, every error must be penalized, whether in first or second writing, and one *additional error charged for the rewriting.* Do not charge an additional error for each rewritten word.
4. **STRIKE OVERS AND CORRECTIONS.** Strike overs will be counted as errors. Acceptable erasures made with a typewriting eraser will not be penalized.
5. **DEDUCTION FOR ERRORS.** Deduction for each type of error will be the same.
6. **LINE SPACING.** Work must be double spaced — "two notches." Every line singly or irregularly spaced is penalized one error in addition to all other errors in the same line.

*Adapted from International Typewriting Contest Rules and N.S.R.A. Rules for Correcting Shorthand Contest Transcripts.

7. **LENGTH OF LINE.** Use a 70-space line calculated on the basis of the center of the machine.
8. **SALUTATION AND COMPLIMENTARY CLOSE.** If letters are dictated, the salutation is to be indented five spaces as part of the first line of typewriting followed by a colon and two spaces; and the complimentary close is to be a part of the last line of typewriting followed by a comma.
9. **SIZE OF PAPER.** Only 8½" x 11" paper may be used.
10. **PARAGRAPHING.** Paragraphs must be indented five spaces and only five. An error in paragraphing is penalized in addition to all other errors in the same line.
11. **PUNCTUATION.** Each mark of punctuation inserted, omitted or in any manner changed from the printed copy will be penalized one error.
12. **SPACING AFTER PUNCTUATION.** Two spaces must follow the period, the colon, and the interrogation and exclamation points — one space after all other punctuation points.
If punctuation is followed by a quotation mark, the spacing follows the rule laid down for punctuation point, viz., a colon followed by a quotation mark calls for two spaces, a period at the end of the sentence followed by a quotation mark calls for two spaces after the quotation mark, but a comma followed by a quotation mark calls for one space.

In initial groupings, internal periods after capitals are followed by one space, but those after small letters are not: O.K., C.O.D., A.M.; a.m., c.o.d.
13. **A DASH** must be written with two hyphens without spacing before or after. If a dash is necessary at the beginning of a line, there should be no space between it and the following word.
14. **CUT CHARACTERS.** If any word is written so close to the top, bottom, or side of pages that a portion of any letter is cut off the word must be penalized.
15. **WORDS WRONGLY DIVIDED.** A word divided at the end of a line other than between syllables must be penalized. A word hyphenated at the end of a line in the printed copy may or may not need the hyphen if occurring medially in the contestant's work. For instance: "Devilfish" might be hyphenated at the end of a printed line; but medially, if contestant's rendering conforms to any standard dictionary, there is no error.
16. **FAULTY SHIFTING.** An error must be charged against every word where the shift is incorrectly used.

17. LIGHTLY STRUCK LETTERS. If the outline of any character is discernible, there is no error.
18. SQUEEZING. It is permissible to "squeeze" an omitted letter into a half space. However, if any portion of the body of one character overlaps any portion of the body of another character, it is an error.
19. SPREADING. It is permissible to "spread" letters to fill out spaces to avoid erasing an entire word.
20. LEFT-HAND MARGIN. Characters beginning all lines, except the first line of paragraphs, must be struck at the same point of the scale. If printed to the left or right of that point, an error must be charged.
21. X-ING. Work in which words are x-ed will not be received.
22. ERASING. The use of an eraser is permitted, but Ko-Rec-Type or similar correcting methods or fluids may not be used.

INSTRUCTIONS FOR ADMINISTERING THE CONTEST

1. Two copies of the contest material will be furnished — one for the dictator and one for the person checking the dictation.
2. The dictator should go over the material thoroughly immediately before the contest.
3. Preceding the contest, the dictator will give a short warm-up exercise, using any material other than the contest material.
4. The dictator will call the paragraphs; if for any reason the paragraphs are not called, the contestant will not be penalized.
5. The rate of dictation will be 100 words per minute for three minutes. Contestants will begin transcription at the same time and be allowed 45 minutes to read and type their notes. Transcription time will be recorded but will count only in case of a tie.
6. Only contestants and those administering the test will be allowed in the room during the contest.
7. Contestants will be expected to furnish own notebook, pen or pencil, typewriter, any good grade of typewriting paper and eraser.
8. Contestants will furnish and use own dictionary. A reference manual may not be used.
9. The original transcription of each contestant's notes will be the copy

graded. Recopying and-or rewriting of the material will not be permitted. Erasures will be permitted only with the typesetting eraser.

10. Shorthand notes must be turned in with the finished product but will not be graded.
11. The contest will be judged on the finished manuscript form according to the Georgia High School Association Shorthand Contest Rules.
12. Rules for the correction of papers are attached. Contestants are expected to be familiar with the Georgia High School Association Shorthand Contest Rules.
13. Scoring of papers:
 - a. The percentage of accuracy for the test is found by subtracting the number of errors in the transcription from the total number of words dictated.
 - b. In case of a tie, the contestant with the shorter transcription time shall be placed ahead of the contestant with the longer transcription time.

SEC. 21. SOLO

1. In Region and State Meets there will be a contest in vocal solo for boys and a contest in vocal solo for girls.
2. Each contestant will be limited to seven minutes.
3. Two selections shall be sung, one of which must be from the standard repertory of the art song, oratorio aria or operatic aria. Both selections must be original vocal solo compositions and not arrangements of instructional or choral pieces.
4. Vocal solo may be with or without pianist. No other accompanist or tape recording may be used.
5. Contestant will be prepared to furnish a copy of music for the use of judge or judges.
6. The judges shall select a first, second, third and fourth place winner.

SEC. 22. SPELLING

1. Separate contests will be held in Spelling for boys and girls.
2. The contestants, one boy and one girl from any grade level, from each school will take a written test consisting of 100 words furnished each region by the State Office.

3. All spelling examinations must be written in ink. (Exception — typewritten papers will be permitted for the Georgia Academy for the Blind.)
4. Contestants will not be permitted to write a word or words on a scratch paper and then write the word or words on the examination sheet.
5. If an error is made, it is not permissible to start over on a new sheet with the next word and recopy the previous word or words.
6. After the original examination sheet has been completed, it is not permissible to recopy the examination.
7. In correcting papers count as errors the following:
 - a. All words so poorly written you cannot read them.
 - b. All words written as an "i" over an "e."
 - c. All words which show erasures and/or changes.
 - d. All words erased and/or crossed out and re-written.
 - e. All words omitted.
 - f. All words in which the preferred spelling is not used. When a word can be spelled two or more ways the preferred spelling will be the correct spelling.
8. At the end of the examination, if two or more contestants are tied, additional word or words will be given and each contestant's paper will be checked as each word is written, with an error eliminating contestant or contestants to determine a winner.
9. If a contestant asks for a definition of a word and-or the use of a word in a sentence, the examiner will do so.
10. The judges will select a first, second, third and fourth place winner.

SEC. 23. TRIO

1. In Region and State Meets there will be a contest in Girls trio.
2. A girls' trio shall consist of three female voices carrying three distinct harmony parts, namely, first soprano, second soprano, and alto. (Referred to in music as S.S.A.) Unless these three harmony parts are heard the group will not be considered by the judges.
3. Each trio will be limited to eight minutes.
4. Two selections shall be sung, each which shall be appropriate for a small group of singers, and one of which must have serious musical value; (a choral, madrigal, art song or folk song whether originally composed or in an arrangement).

5. Trio may be with or without pianist. No other accompanist or tape recording may be used.
6. Contestants will be prepared to furnish a copy of music for the use of judge or judges.
7. The judges shall select a first, second, third and fourth place winner.

SEC. 24. TYPEWRITING

1. Separate contests will be held in typewriting for boys and girls. A school may enter one boys contestant and one girls contestant. The contest is open to pupils of any grade level in high school.
2. The contest will be a straight-copy contest in speed and accuracy and will be graded on the basis of the Georgia High School Association Typewriting Contest Rules.
3. Each contestant will be given the same copy to type.
4. Each contestant will be required to type for a period of five minutes.
5. Each contestant is responsible for furnishing the typewriter to be used in the contest. Typewriter may be manual or electric. Typewriter keys should be clean and equipped with a comparatively new ribbon.
6. Only contestants and those administering and grading the contest are allowed in the room during the contest.
7. The judge or judges administering and grading the contest must have a minimum of one year's teaching experience in typewriting.
8. Papers with a score less than 40 net words per minute will be disqualified and will not be placed in scoring. (8½" x 11" paper only.)
9. The judges shall select a first, second, third and fourth place winner.
10. GHSA TYPEWRITING CONTEST RULES.

TYPEWRITING CONTEST

Instructions for Administering Contest

1. The typewriting contest is a five-minute straight-copy contest. If a contestant finishes copying the test before the time is up, he is to start again from the beginning and continue until time is up.
2. Contestants are expected to be familiar with Georgia High School

Association Typewriting Contest Rules.

3. Each contestant is expected to furnish his or her own typewriter and paper.
4. Scoring of papers:
 - a. Determine the number of words from the figure at the end of the last line completed, and add one word for each five additional words strokes typed.
 - b. Subtract ten for each error.
 - c. Divide by 5. (This gives the score.)

**GEORGIA HIGH SCHOOL ASSOCIATION
TYPEWRITING CONTEST RULES.**

1. **LINE SPACING.** Work must be double spaced--"two notches." Every line irregularly spaced is penalized one error in addition to all other errors in the same line.
2. **LENGTH OF LINE.** Use a 70-space line calculated on the basis of the center of the machine. Except at end of a paragraph, any line having fewer than 61 or more than 76 characters and spaces is penalized one error in addition to all other errors in the same line.
3. **LENGTH OF PAGE.** Each 8½" x 11" page, except the last, must have at least 27 lines of writing. One error is charged for short page-not one error for each line that the page is short.
4. **PARAGRAPHING.** Paragraphs must be indented five spaces and only five. An error in paragraphing is penalized in addition to all other errors in the same line.
5. **SPACES AND PUNCTUATION POINTS.** All spaces and punctuation points are treated as parts of the preceding word; but if incorrectly made, inserted, omitted, or in any manner changed from the printed copy, an error must be charged unless the preceding word has already been penalized. (See Rule No. 6)

Adapted from Internaitonal Typewriting Contest Rules.

6. **SPACING AFTER PUNCTUATION.** Two spaces must follow the period, the colon, and the interrogation and examination points — one space after all other punctuation points.

If punctuation is followed by a quotation mark, the spacing follows the rule laid down for the punctuation point; viz., a colon followed by a quotation mark calls for two spaces, a period at the end of a sentence followed by a quotation mark calls for two spaces after the

quotation mark, but a comma followed by a quotation mark calls for one space.

In initial groupings, internal periods after capitals are followed by one space, but those after small letters are not: O.K., C.O.D., A.M.; a.m., c.o.d.

7. A DASH must be written with two hyphens without spacing before or after. If a dash is necessary at the beginning of a line there should be no space between it and the following word.
8. CUT CHARACTERS. If any word is written so close to the top, bottom, or side of a page that a portion of any letter is cut off, the word must be penalized.
9. WORDS WRONGLY DIVIDED. A word divided at the end of a line other than between syllables must be penalized. A word hyphenated at the end of the line in the printed copy may or may not need the hyphen if occurring medially in the contestant's work. For instance: "Devilfish" might be hyphenated at the end of a printed line; but medially, if contestant's rendering conforms to any standard dictionary, there is no error.
10. FAULTY SHIFTING. An error must be charged against every word where the shift is incorrectly used. If parts only of the proper character appear, it is an error. If the complete character is discernible, it is no error.
11. LIGHTLY STRUCK ERRORS. If the outline of any character is discernible, there is no error.
12. TRANSPOSITION. Letters transposed in any word constitute an error. Words when transposed are penalized one error for the transposition; additional penalties are imposed for errors in the transposed words.
13. REWRITTEN MATTER. In any rewritten matter, every error must be penalized, whether in first or second writing, and one additional error for each rewritten word.
14. CROWDING. No word shall occupy less than its proper number of spaces.
15. PILING. If any portion of the body of one character overlaps any portion of the body of another character, or extends into the line space between words to the extent that it would overlap any portion of the body of a character were there a character in that space, then it is an error.
16. LEFT-HAND MARGIN. Characters beginning all lines, except the

first line of paragraphs, must be struck at the same point of the scale. If printed to the left or right of that point, an error must be charged.

17. X-ING. Work in which words are x-ed will not be received.
18. ERASING. The use of an eraser is not allowed.
19. ERRORS IN PRINTED COPY. Errors found in the printed copy may be corrected, or written as per copy, but in no case will an error be charged against such words unless they are omitted.
20. LAST WORD. An error made in the last word written, whether the word is completed or not, must be charged.
21. ONE ERROR PER WORD. But one error shall be penalized in any one word.
22. GENERAL RULE. Every word omitted, inserted, misspelled, or in any manner charged from the printed copy (except in the case of transposition and rewritten matter) must be penalized.
23. PENALTY. For every error ten words must be taken from the total gross number of words typed.
