BANDS

1. The administrative head of each school will declare in writing to GHSA prior to September 1, each year if their school's marching band is a competitive group or a non-competitive group. Failure to declare by September 1 will be construed to mean that the band is a non-competitive group. Band sub-groups (majorettes, rifle corps, flag corps, drum line, drum major) must take the same status as the band.
2. Students of competitive bands in grade 9 through 12 must meet all GHSA eligibility regulations including the completion of eligibility forms. (Exception: A pupil enrolled in the 8th grade or below of a feeder elementary school will be permitted to participate with a high school band in district Music Festival and such participation will not be charged against such pupil so as to affect later eligibility.)
3. Competitive bands may enter up to three GMEA-GHSA approved competitions between the first day of the school year and December 31. Competitive bands may enter an additional competition between January 1 and the end of the school year. Bands may participate in any GMEA/GHSA approved contest or festival within the state of Georgia. Bands may participate in no more than one contest or festival per school year in excess of 150 miles from the Georgia state line.
4. All salaries and stipends paid directors and/or instructors of competitive bands must be processed through the board of education for contracted services.
5. All festivals or contests must be declared competitive or non-competitive. Bands with non-competitive status may not participate in a competitive contest. Bands with competitive status may participate in a non competitive festival.
6. Requirements for competitive bands do not apply to half-time shows and non-competitive shows, "as long as you are not in conflict with state or local board policy on academic eligibility requirements." (GHSA does not regulate non-competitive bands.)

Bands and music groups are free to participate in any Georgia parade, concert, or exhibition as the local school system may see fit as long as there are not prizes, ratings or awards. Out-of-State communities which are a part of the local school community may be visited under this provision. (i.e., Rossville - Chattanooga; Augusta-Aiken; Columbus-Phenix City).

POLICY IN REGARD TO BAND AND MUSIC PARTICIPATION

Below are given the general policies which apply to bands and music groups. These policies have been set up by recommendation of the GMEA and approved by the GHSA. A SCHOOL MAY PARTICIPATE IN BAND OR MUSIC EVENTS AS FOLLOWS:

1. GMEA music festivals on dates approved by the GHSA. A list of these is printed in the GHSA Constitution and By-Laws.
2. GMEA music clinics. Dates and places for these will be set by the GMEA, who will forward information to schools.
3. Concert festivals which are not sponsored by GMEA but have GMEA/GHSA approval.
4. A maximum of one school day per year may be missed from school for either of the two following events, but not both: (1) One non-GMEA sponsored festival; (2) A parade, concert, or exhibition as the local school may see fit.
5. Music groups which are honored with an invitation to perform at a professional meeting of educators are encouraged to do so.

**STATEMENT BY GMEA ETHICS COMMITTEE,
APPROVED BY GMEA BOARD**

GMEA endorses voluntary participation by high school bands, orchestras and choruses in non-GMEA sponsored events of a festival or contest nature when limited to a maximum of two per school year (September to August). These two events must be on the APPROVED GMEA-GHSA list of approved events.

We believe that to participate in more than two such festivals with the same presentation of materials is redundant. Directors should be sensitive to any approach which might be construed as exploitation of students. This philosophy represents no conflict with existing GMEA-GHSA agreed rulings on the number of school days allowable per year to be missed for these events.

**POLICY IN REGARD TO FIELD MARCHING BANDS,
CONCERT, FESTIVALS**

Before entering any of the above type events be sure that it has been approved. Listed below are those that have been approved to date for any member school. Others may be added later. To avoid any difficulty or conflict, if an event is not listed below do not commit your school to participate without clearing with the State Office.

**GMEA-GHSA APPROVED
NON-GMEA
FESTIVALS AND CONTESTS****1994-95**

(as of June 1, 1994)

CODES:

- C - Contest (competitive)
- CON - Concert (non-competitive)
- E - Exhibition (non-competitive)
- F - Festival (non-competitive)
- P - Parade (non-competitive)

A **contest** (competitive) is one in which rankings are designated with or without the use of numerical scores. A **festival** (non-competitive) is one in which division ratings of I-V are used to evaluate a musical unit's performance against a standard of excellence. Bands are declared competitive/non-competitive for field marching events only; non-competitive bands may enter competitive concert events.

ELIGIBILITY REPORT INSTRUCTIONS

Items to which specific attention should be directed are:

1. The report submitted to the State Office becomes a permanent record and is sent to the region as a permanent record. Care should be taken to have the information fully correct and complete. An error could seriously affect the eligibility of a student and penalize a school.
2. The signature of the principal or assistant principal or superintendent, along with the report preparer is required on both the Form A and Form B Eligibility Certificates.
3. A separate report IS NOT required for each sport. A school may submit a separate report for each activity if their region so requires. However, the State Office maintains that once a student has been reported and declared eligible for the school year, no further report is necessary for that student during the school year, UNLESS eligibility has been interrupted.
4. Boys and girls may be listed on the same form. More than one activity may be listed on the same form.
5. An eligibility report must be filed at least twenty (20) days prior to the calendar date for the first game or contest in any activity.
6. A COMPATIBLE computer form from member schools will be acceptable in place of the Form A Certificate of Eligibility so long as the information is in the exact order and form as shown on the GHSA Form A.
7. **CERTIFICATE OF ELIGIBILITY - FORM A**
 - A. Submit original Form A - TYPED - per instructions on the form. A copy will be returned to the school and a copy sent to the region secretary showing the eligibility status of each student listed on the form. (The "Eligibility Status" column is for GHSA use only.)
 - B. No certificate of eligibility form will be accepted if it is not typed.
 - C. **NAME** - List students in alphabetical order by grade (9-10-11-12), last name first, giving full names. Nicknames may be placed in parenthesis after the name.
 - D. **DATE OF BIRTH** Give month, day, year. You will be assisting the student if you require a birth certificate to be presented for verification of age.
 - E. **DATE STUDENT ENTERED 9th GRADE** - The section showing the date of first entrance in the 9th grade should be complete (including month, day, year) and accurate. A student will not be eligible for participation for more than eight (8) semesters from the date of taking the first 9th grade subject.
 - F. **GRADE** - Show grade of each student for the current year.
 - G. **TOTAL COURSES PASSED PREVIOUS QUARTER OR SEMESTER** - Show total courses passed the previous quarter or semester for all students. All students must have passed five (5) courses or their equivalent the quarter

or semester immediately preceding participation to be eligible and must be "on track" for graduation.

- H. **TOTAL UNITS ACCUMULATED** - Show total number of units accumulated thus far for each student. To be eligible students must be "on track" as follows:

9th Graders (first year students) - Show "E" (for Entering first time) for 9th grade students being submitted at the beginning of their 9th grade school year - (1994-95)

10th Graders (second year students) - 3 Units - (1993-94)

11th Graders (third year students) - 9 Units - (1992-93)

12th Graders (fourth year students) - 15 Units - (1991-92)

Students who lose eligibility for not meeting the "on track" requirements at the beginning of the year may regain eligibility during the school year by accumulating the units required at the end of a quarter or semester and passing the required subjects the previous quarter or semester.

- I. **TRANSFER STUDENTS** - If a student listed on Form A has transferred to your school during the past twelve (12) months after entering the 9th grade, indicate "Yes" in the "Transfer Student" column and complete Form B on that student. If the transfer student has been in your school one full calendar year then show "No" and do not submit Form B.

NOTE: Migrant students are eligible for B-Team participation ONLY, provided they meet all other eligibility requirements. Show B-Team Only in eligibility Status column.

8. TRANSFER STUDENTS - FORM B

CONSTITUTION

ARTICLE I - NAME OF THE ORGANIZATION

This organization shall be known as the Georgia High School Association.

ARTICLE II - OBJECT OF THE ORGANIZATION

The object of the organization shall be promotion of education in Georgia from a mental, physical, and moral viewpoint, to promote the study of public speaking, to standardize and encourage athletics, and to promote appreciation for music, homemaking, and other fine arts through Region and State Contests.

ARTICLE III — MEMBERSHIP

SEC. 1 SCHOOLS ELIGIBLE FOR MEMBERSHIP

The membership of the Georgia High School Association shall consist only of senior and junior high schools.

SEC. 2 CLASSIFICATION OF MEMBERSHIP BY SIZE

A. The membership of the Association shall be divided in four (4) classifications as follows:

20% of Member Schools - AAAA

25% of Member Schools - AAA

25% of Member Schools - AA

30% of Member Schools - A

Schools with the same FTE count separated by a percentage break point will be placed in the higher classification.

B. Such classifications shall be effective for a two (2) year period.

C. Each classification will have eight (8) regions, unless otherwise needed.

SEC. 3 CLASSIFICATION — HOW DETERMINED

A. In reclassification years, the Executive Director shall secure the F.T.E. Count of member schools and assign each school to a classification. Each member school shall be notified of their proposed classification.

- B. Classification of schools shall be based on F.T.E. membership (active enrollment) using the average of the first two counts. Numbers will be based on grades 10-12. F.T.E. membership is secured from the State Department of Education. The F.T.E. membership report used to determine the classification of a school for a two-year period is based on figures for the nine (9) months immediately preceding classification.

For schools being consolidated at a classification period, the combined F.T.E. membership figure of the consolidated schools shall be used to determine the classification of the consolidated schools.

- C. Grades (10-11-12) shall be used as the base to determine classification figures, plus all MID (Mildly Intellectually Disabled) and other Special Education students taught in self-contained classrooms and carried on attendance registers which do not also include regular or non-special students.

In schools where students are designated as MID but are not mainstreamed into the homerooms for reporting for membership purposes, the following formula will be used:

1. Schools with grades 9-12 - 3/5 of MID will be added to grades 10-12.
2. Schools with grades 8-12 - 1/2 of MID will be added to grades 10-12.

- D. Unless the school has at least 35% membership of each sex, it will be considered a single sex school. In this case the F.T.E. membership SHALL BE DOUBLED TO DETERMINE THE CLASSIFICATION FIGURES.
- E. New schools will be assigned classification upon projected system F.T.E. membership for the school grades 10-12. Where the new school has 10th grade only, projected figures for feeder schools 8th and 9th grades apply. Where the new school has 9th grade only, projected figures for feeder schools 7th and 8th grades apply.
- F. Once a school has confirmed its F.T.E. membership with GHSA, the membership figures may not be changed, (unless there is a mathematical error in computation by the GHSA).

NOTE: Classification for the school years 1994-95 and 1995-96 is based on the F.T.E. membership reports for the school year 1992-93. The next reclassification will be based on the reports for the school year 1994-95 and will become effective in the school year 1996-97.

August	2, 1994	November	1, 1994	February	7, 1995

1.24 A student enrolled in a joint enrollment program between his parent school and a vocational-technical school, an alternative school, or a college, shall be eligible to represent the parent school in interscholastic activities provided he:

- (a) is enrolled at the parent school and the school receives state funds based on his enrollment. If enrolled in a private school he must be a full tuition paying student.
- (b) is carrying work in the school which he is attending equivalent to five (5) unit subjects and is passing at least five (5).

- (c) is a student in a state-approved joint enrollment program where he will receive credit at the parent school for five (5) high school courses during the high school quarter or semester.
- (d) must receive credit at the parent school for work done at the alternative school, vocational school, or college.
- (e) must not or has not participated in interscholastic activities in the vocational school, alternative school, or college.
- (f) Exception to joint enrollment has been granted to magnet schools in DeKalb and Muscogee Counties. (See April, 1991, Minutes)

- 1.25 Post Secondary Options: Students' participating in post secondary options programs shall be eligible to participate at the parent school provided academic eligibility is maintained. Students shall receive credits at the parent school based on the following:

7.5 quarter hours = 1 Carnegie Unit

5 semester hours = 1 Carnegie Unit

Students in post secondary options will gain or lose eligibility on the first day of the subsequent quarter or semester of the parent school.

(NOTE: Questions arising from this new program should be referred to the Executive Director.)

- 1.26 A SPECIAL STUDENT is one who is taking work which does not carry credit in terms of Carnegie units; or who is repeating work already passed; or who is allowed special privileges and is not required to fulfill all duties that pertain to a regular or normal student. He is not eligible to participate.

1.30 - AGE (See Interpretation #4, page 66)

- 1.31 To be eligible to participate in interscholastic activities a student must not have attained his 19th birthday prior to May 1st preceding the year of participation.

1.40 - LIMITS OF PARTICIPATION (See Interpretation #5-7, page 67)

- 1.41 Physicals - Students must have on file in the school office prior to participation in athletics a certificate of an annual physical examination by a physician indicating the student is physically approved for participation in any tryout, practice, or conditioning, whichever comes first.
- 1.42 A student has eight (8) consecutive semesters or four (4) consecutive years of eligibility from the date of first entry to the ninth grade for interscholastic competitions. (Vocational education club competitive activities are exempt from the eight semester rule. These vocational students must have passed five courses the previous quarter or semester to compete.) Date of first entry is defined as the first date of enrolling for a 9th grade course for which he can receive credit for graduation. Provided, however, that a student shall not be deemed to have entered the ninth grade upon taking a ninth or higher grade course if:

- (a) The student is regularly enrolled in a member feeder school in a grade below the ninth; and
- (b) The course is taken as an advanced course; and
- (c) The principal of the school attended by the student certified to the GHSA that the subject and course(s) meet the criteria set forth above; and
- (d) The student does not receive Carnegie unit credit toward graduation.

1.43 "B" Team Participation

1.43-a "B" team or junior varsity students may not participate in more than 70% of the varsity number of events.

1.43-b Football players may participate in five (5) quarters per week. Basketball players may participate in five (5) quarters per night. Soccer players may participate in three (3) halves per night.

1.43-c Ninth grade or JV football games played on Thursday have a curfew of no later than 8:00 p.m.

1.44 Students below the ninth grade may not participate in more than 60% of the varsity number of events.

NOTE: Eighth grade students who play on high school sub-varsity teams can not exceed the 60% game limit for that activity.

1.45 Girls may participate on boys' teams where there is no corresponding girls' team. Boys are not allowed to play on girls' teams when there is no corresponding boys' team. Exception: cheerleading.

1.46 A student loses eligibility to participate in the corresponding GHSA school sponsored athletic activity if he has participated on or practiced in a non-school sponsored athletic activity or instructional camp during the school year which was coached, directly or indirectly, by the coach of that school's athletic activity. This does not prohibit individual instruction of a student by a coach outside a team or competitive setting. NOTE: Cheerleaders and Volleyball players will not be allowed to attend camps in August, after August, 1994.

1.47 Artificial Limbs - Schools with students participating in athletic activities with artificial limbs must have on file with GHSA the standard permission form (obtainable from GHSA) stating the limb is no more dangerous to players than the normal limb.

1.48 The number of contests and practice days allowed are designated under each interscholastic event. (See individual listing of athletic or literary competition for allowable limits.)

1.49 Students are not allowed to switch from one team to another (sub-varsity to varsity, vice versa) so as to engage in more than five (5) quarters of

football per week, five (5) quarters of basketball per night, and/or three (3) halves of soccer per night. Students shall not participate in all other sports in a combination of games as a varsity player and sub-varsity player greater than the game limit set for that varsity sport season.

1.50 - SCHOLASTIC STANDING / SCHOLARSHIP

(See Interpretation #8-18, pages 68-71)

NOTE: Schools wishing to file hardship exemption from academic achievement By-Laws must file a Hardship Application with all applicable materials included.

- 1.51 To be eligible to participate in interscholastic activities, a student is required to pass five (5) Carnegie unit subjects counting toward graduation, or their equivalent, the semester or quarter immediately preceding participation.
- 1.51-a A unit of work or course must meet a net minimum of fifty (50) minutes per day five (5) days per week per semester or quarter.
- 1.51-b Passing in all GHSA member schools is a grade of seventy (70).
- 1.51-c If a student is taking a multiple period subject such as a vocational course for a full morning or afternoon it may be counted for more than one subject. The number of subjects counted will be equivalent to the number of units given.
- 1.52 Students gain or lose eligibility on the first day of the subsequent quarter or semester. Exception: Students who successfully complete summer school to maintain eligibility become eligible the last day of summer school. Summer school is an extension of the previous quarter or semester. A maximum of two (2) Carnegie unit credits earned in summer school may be counted for eligibility purposes. Summer school credits earned in non-accredited home study programs or non-accredited private schools may not be used to gain eligibility. Accreditation recognized under the rule shall be from the Georgia Accrediting Commission or a regional (Southern Association) accreditation agency.
- 1.52-a Make up work will be accepted on the same basis as make up work is accepted for all other pupils in the school concerned provided that such make up work for each semester or quarter ends fourteen (14) calendar days after the close of each semester or quarter. The student is ineligible until such time as the make up work is completed and the required passing grade(s) is recorded.
- 1.52-b The Executive Director shall be authorized to approve makeup work completed later than fourteen (14) calendar days after the close of each semester or quarter if he shall find that:

- (1) such makeup work was not completed within fourteen (14) calendar days due to circumstances outside the control of the student, his parent(s), and the school; and
 - (2) such makeup work was completed as soon as possible; and
 - (3) such makeup work is commonly accepted on the same basis for all other pupils in the school concerned.
- 1.52-c Independent study course credit taken in summer school will NOT be acceptable for eligibility purposes.
- 1.52-d Students who fail to meet academic eligibility requirements at the end of the second semester or spring quarter are not eligible to tryout for, or practice with, school teams and may not compete in interscholastic contests prior to the start of the next school year unless they have obtained eligibility during summer school.
- 1.53 Students participating in junior varsity or "B" team competition must meet all scholastic requirements.
- 1.54 In order for all students to practice or try out they must be academically eligible.
- 1.55 Students must be "on track" according to the the following criteria:
1. First year students (entering ninth grade) must have passed five (5) courses the previous quarter or semester prior to participation.
 2. Second year students must have accumulated three (3) units and passed five (5) courses the previous quarter or semester prior to participation.
 3. Third year students must have accumulated nine (9) Carnegie units and passed five (5) courses the previous quarter or semester prior to participation.
 4. Fourth year students must have accumulated fifteen (15) Carnegie units and passed five (5) courses the previous quarter or semester prior to participation.
- Students may accumulate the required units for participation during the school year.

1.60 - AMATEUR / AWARDS (See Interpretation #19, page 71)

- 1.61 AMATEUR: A student who represents a school in an interscholastic sport shall be an amateur in that sport. An amateur athlete is one who engages in athletic competition solely for the physical, mental, social, and pleasure benefits derived therefrom. An athlete forfeits amateur status in a sport by:
- a. competing for money or other monetary compensation (allowable travel, meals, and lodging expenses may be accepted);
 - b. receiving any award or prize of monetary value which has not been approved by GHSA;

- c. capitalizing on athletic fame by receiving money or gifts of monetary value (scholarships to institutions of higher learning are specifically exempted);
- d. signing a professional playing contract in any sport.

Accepting a nominal, standard fee or salary for instructing, supervising, or officiating in an organized youth sports program or recreation, playground, or camp activities shall not jeopardize amateur status. Compensation for giving private lessons is permissible.

- 1.62 AWARDS: Only awards of no intrinsic value and approved by GHSA may be accepted by a high school student-athlete as a result of participation in school or nonschool competition in a sport recognized by GHSA.

Approved awards by GHSA for intramural and interscholastic competitions are symbolic awards presented for winning or placing in actual competitions. A student may receive customary trophies, plaques, letters and one (1) sweater or jacket presented by the school during his allowable eight (8) semesters of eligibility.

1.70 - SCHOOL SERVICE AREAS / TRANSFER / MIGRANT / MIGRATORY WAIVER (See Interpretations #20-26, pages 71-74)

- 1.71 School service areas for member public schools are those attendance boundaries established by local boards of education from which a school normally draws its students. School service areas for private schools are established by the GHSA Executive Committee.

Whenever request is made for student eligibility in a new service area (moving from one to another), it must be apparent that the parents of the student have moved from the previous school service area and now reside in the service area where the school is seeking eligibility for the student (see definition of a "move").

- 1.72 A student who transfers from one school or public school service area to another with a corresponding change of residence by his parents to that service area maintains eligibility as soon as he is properly certified that he meets all eligibility requirements. The student may choose the appropriate public school serving that area or a private school located outside his previous public school attendance area.
- 1.72-a A private school student, or magnet school student, who moves from one public school attendance (service) area to a different public school attendance area and enrolls in the public school serving that area or a private school outside his previous public school's service area maintains eligibility as soon as properly certified in the new area.
- 1.72-b A student who is not eligible at one school, under GHSA rules, and transfers to another, cannot regain eligibility by such transfer.

- 1.72-c A student who is not eligible at one member school because of suspension or expulsion, who transfers to another member school, cannot regain eligibility by such transfer.
- 1.73 Students who transfer from a non-member private school to a member school in the school service area where his parents reside shall be eligible as soon as properly certified, provided:
- the student was a bona fide enrolled student in the ninth grade or above in his home high school prior to attending the non-member school. OR
 - the student has not yet established a home school in grades 9-12 in his area of residence, AND
 - it is the initial move of the student from the non-member school to the member school of his family's residence.
- 1.74 Students who transfer enrollment without a corresponding move by his parents into the new school service area shall be declared a "migrant" and be required to be in attendance in the new school for one calendar year from the date of enrollment to establish residence eligibility.
- 1.75 Foreign exchange students, attending a member school under the auspices of approved student exchange programs, shall be considered eligible regarding residence for a maximum period of one calendar year. Said foreign exchange student may not be a graduate of the secondary school of his home country and must maintain eligibility in a member school. A foreign exchange program must assign students to schools by a method which insures that no student, school, or other interested party may influence the assignment for athletic purposes.
- 1.76 Students returning from a foreign country shall be considered eligible as long as they meet all other requirements of eligibility.
- 1.77 Married students setting up a household (domicile) for the first time shall be eligible in the school of their residence provided they meet all other requirements of eligibility.
- 1.78 A student who are transferred from one school attendance area to another school attendance area by their local board of education maintains his eligibility, provided it is not permissive transfer.
- 1.79 (a) A student who transfers from one school service area to another because of a custody award to a parent under a domestic relation order from a court of proper jurisdiction shall continue to be eligible in the new school of the custodial parent's service area. A certified copy of such order shall be submitted with eligibility information.

- (b) A student whose custody is awarded to both parents under a joint custody order may elect to attend another school outside the present school's service area provided such transfer is accompanied by a bona fide move of one of the joint custodial parents to the new service area. Such election can be made only once during each school year. A certified copy of such order, together with the written and dated election of such child, shall be submitted with eligibility information.
- (c) A student whose custodial parent dies and who then moves to live with the other natural parent in a new school service area shall retain eligibility at the new school. A copy of the death certificate shall be submitted with eligibility information.
- (d) A student who changes schools because of a custody transfer from a parent to a guardian or from one guardian to another, is ineligible pending application to and review by the Executive Director or the Hardship Committee under Article IV, Section 5, of the GHSA Constitution.

1.710 If a student's transfer is based upon his being emancipated, an orphan, a child from a broken home, a ward of the state or a court, his case shall be subject to review by the Executive Director or the Hardship Committee under the GHSA Constitution, Article IV, Section 5. An official ruling must be received by the Executive Director or Hardship Committee before any such student may be considered eligible.

1.711 The migratory rule (1.74) has been waived for students entering Ben Franklin Academy, Brenau Academy, Georgia Military College, Rabun Gap, Riverside Military Academy, and Tallulah Falls, provided the administrative head of each school (sending and receiving) signs the release form provided by the GHSA (effective through 1995-96).

1.712 A permissive transfer does not carry eligibility without a bona fide move of residence with the people a student lived with in the previous school district.

1.713 Students who transfer from ALTO and/or YOUTH DEVELOPMENT CENTERS to home or residence schools will be required to complete one quarter or semester, based on the local program, before eligibility can be established.

1.714 Eligibility status for students at the Atlanta School for the Deaf who go to the service area of their home school will be clear, provided all other eligibility requirements are met.

1.80 - RECRUITING / UNDUE INFLUENCE

(See Interpretation #27, page 74)

1.81 The use of influence by any person connected directly or indirectly with the school to secure or to retain a prospective athlete is prohibited, and

shall cause a student to forfeit eligibility for at least one year from the date of enrollment in addition to other penalties as may be assessed the school under the GHSA Constitution.

- 1.81-a Undue influence or recruiting is defined as the attempt by anyone connected directly or indirectly with a member school to induce a student of any age to transfer from one school to another for athletic or literary competition purposes whether or not the school presently attended by the student is a member of the GHSA.
- 1.81-b Evidence of undue influence includes, but is not limited to, personal contact by coaches and sponsors in an attempt to persuade transfer, gifts of money, jobs, supplies, clothing, free transportation, admission to contests, invitation to attend practice or games, or free tuition.
- 1.81-c Complaints or reports of violations of this rule will be investigated and handled on a case by case basis.
- 1.82 Non-public member schools shall issue a statement signed by the principal, director, or headmaster of the school, giving the number of students enrolled, the number receiving financial aid and their qualifications to receive the financial aid, and identifying those who participate in interscholastic activities, to the Executive Director. The headmaster or principal will certify the percentage of athletes receiving financial aid is the same as the percentage of the student body receiving financial aid (plus or minus 5%).

When a pupil who is receiving a scholarship and/or financial aid, is listed on an eligibility report, the school will submit special information to the State Executive Director just as the information is submitted to substantiate change of schools, date of birth, etc.

The State Executive Director will determine whether or not a scholarship and/or financial aid is being given for the purpose of competition (athletic, academic, literary) and will rule ineligible any pupil who in his opinion is receiving a scholarship and/or financial aid (athletic, academic, literary, honor, tuition remission) for the purpose of competition.

Any pupil who receives aid from any source and in any form for the purpose of competition shall be ruled ineligible. If the pupil is allowed to participate in competition, the school shall be fined and/or placed on probation. Any repeated violation shall subject the school to more severe disciplinary action.

1.90 - JUNIOR VARSITY OR "B" TEAM ELIGIBILITY AND LIMITS OF PARTICIPATION (See Interpretations #28-30, page 74-75)

- 1.91 "B" team or junior varsity competitors must meet all eligibility requirements with the exception of the migratory rule. Middle school students

who play on a high school team must meet all middle school requirements.

1.92 "B" Team Participation

1.92-a "B" team or junior varsity competitors may not participate in more than 70% of the varsity number of events.

1.92-b Football players may participate in five (5) quarters per week. Basketball players may participate in five (5) quarters per night. Soccer players may participate in three (3) halves per night.

1.93 Students below the ninth grade may not participate in more than 60% of the varsity number of events, and may not exceed the game limit set for that sport.

1.94 Eighth grade students are never eligible for a varsity event in any activity. However, eighth grade students are eligible to participate on "B" team and sub-varsity teams provided they attend the high school fielding the team or a feeder school of that high school.

1.95 Students are not allowed to switch from one team to another (sub-varsity to varsity, vice versa) so as to engage in more than five (5) quarters of football per week, five (5) quarters of basketball per night, or three (3) halves of soccer per night. Students shall not participate in all other sports in a combination of games as a varsity player and sub-varsity player greater than the game limit set for that varsity sport season.

1.96 Students below the 8th grade are not eligible to participate on sub-varsity teams.

- 2.31-a Shall operate all interschool contests and activities under direct and complete control of the school administration or designated school personnel. Responsibilities relating to such things are not to be delegated by the Board of Education, Superintendent, or Principal, to any person or persons, other than regular members of the school staff. This control shall include the handling of all finances, including capital outlay; the purchase of equipment and supplies; and the employment and payment of salaries to all personnel connected with the activity.

2.40 - ELIGIBILITY REPORTS FILED BY THE SCHOOL

- 2.41 Eligibility reports are required for all contestants in any activity twenty (20) days prior to the date allowed for the first contest in each activity when one member school meets in competition with any other member school. The competition may be academic, athletic, band, or literary. The Executive Director is authorized and directed to: (1) suspend from membership any school which fails to file eligibility reports, and (2) to reject any eligibility report not submitted as instructed. A \$10.00 fine is assessed against those schools who do not file twenty (20) days prior to the activity.
- 2.41-a Each game or contest played prior to proper filing of the eligibility report may be forfeited and/or a fine of \$25.00 per game or contest may be levied by the Executive Director against the school for delayed eligibility filing. Failure to pay fines shall be cause to prohibit the school from entering any contest. Deadline for payment is ten (10) days after notification.
- 2.41-b Supplementary eligibility lists may be submitted at any time on transfers and/or those students gaining eligibility at the end of a semester or quarter. Students are not allowed to participate until their eligibility has been received and processed by the State Office.
- 2.41-c Once a pupil has been certified eligible by the school and processed by the GHSA, eligibility is assumed to be continuing and no further eligibility report is necessary for that pupil during that school year. If the student loses eligibility and regains it during the school year, he should have a new eligibility report filed for him.

- 2.51 Member schools shall prohibit from participation, in interscholastic activities, those students who were retained in grades, six, seven, or eight for interscholastic purposes. The school's governing body shall develop a written policy on interscholastic activities that shows the school system prohibits the retention of students for activities of interscholastic competition.

If a school system chooses to retain a student in grades six, seven, or eight, the school system must be prepared to present the following items to prove the retention was for educational reasons.

The GHSA Executive Director (and staff) and the Executive Committee member of the GHSA from that region may review the case and file to determine if this policy has been violated.

INTERPRETATIONS

BY-LAW 1.10 - CERTIFICATION OF ELIGIBILITY INTERPRETATION

- #1 SITUATION: A student athlete moves with his parents from school A to school B. He meets all eligibility requirements. When may he participate in interscholastic activities at school B?

INTERPRETATION: As soon as he is certified as being eligible by the GHSA.

BY-LAW 1.20 - ENROLLMENT AND TEAM MEMBERSHIP INTERPRETATION

- #2 ENROLLMENT

SITUATION: A senior, during the first semester, is enrolled for three courses (subjects) leading toward graduation at his home school and one course at the local college which will be accepted by his home school for course credit. The student passes all the courses for which he is enrolled. Is he eligible to participate in golf the second semester?

INTERPRETATION: Yes. If the student is enrolled on post-secondary options, the course at the college level is equated at 7-1/2 hours equals 1 Carnegie Unit or 5 semester hours equal 1 Carnegie unit.

INTERPRETATION: Yes, a student enrolled at the parent school who attends a vocational-technical school on the "senior plan" taking a minimum of five (5) subjects may represent his parent school if he meets all other eligibility requirements and the parent school accepts the credit earned at the vocational-technical school toward graduation.

SITUATION: The principal of the parent school has assigned a student to attend an alternative school for the next six (6) weeks for disciplinary reasons. May the student participate on the football team during the six (6) weeks he will be going to the alternative school?

INTERPRETATION: Yes, so long as the school or local board of education has no rules to prevent participation at the parent school while the student is attending the alternative school and the parent school accepts the work done at the alternative school.

#3 TEAM MEMBERSHIP

SITUATION: Member school includes grades 8 through 12. May 8th grade students participate on sub-varsity teams composed of 8th, 9th, 10th and 11th grade students?

He had accumulated seventeen (17) units his first six semesters. During his second semester of his senior year (8th semester) he was able to pass five subjects for 2-1/2 carnegie units and passed 1/2 unit in summer school. Is he eligible to participate in the fall semester?

INTERPRETATION: No. There are no provisions to allow for a student to participate beyond eight (8) semesters. His case could be presented to the State Executive Director for request to waive the eight (8) semester rule (By-Law 1.42). (Use Hardship form #2).

#6 PLAYING ON TEAM OTHER THAN SCHOOL TEAM

SITUATION: A student participates on a recreation baseball team in September (school is in session) which is coached by the high school baseball coach. Is the student eligible to participate on the school baseball team in the spring?

**BY-LAW 1.50 - SCHOLASTIC STANDING/
SCHOLARSHIP INTERPRETATION****#8 ELIGIBILITY ON WHAT DAY**

SITUATION: A student who has been scholastically eligible for the current quarter passes only four (4) subjects during the quarter which ends Tuesday, November 23. A football game is scheduled for Friday, November 26. The winter quarter starts on Monday, November 29. The coach has asked to play the student in the game on Friday, November 26.

INTERPRETATION: A student who is eligible for a quarter is eligible until the first day of the subsequent quarter, therefore, the student would be eligible to participate on Friday, November 26.

SITUATION: A student who has been scholastically ineligible for the current semester passes five (5) subjects in the current semester which ends on Friday, January 19. His school has a basketball game scheduled that night and the next night. Since the student has completed the semester and has passed five (5) subjects he has asked to be able to join the team for the Friday and Saturday games.

INTERPRETATION: A student who is ineligible for a semester is ineligible until the first day of the succeeding semester. In the case of this student, he would not be eligible in terms of his previous semester's record until the first day of the subsequent semester. He could not play in the games scheduled for January 19 and 20, but could join the team on the first day of the subsequent semester and play thereafter, as long as he continued to pass five (5) subjects per semester.

#9 WITHDRAWN "PASSING"

SITUATION: A student withdrew, passing, from school after 65 days of attendance in the fall semester. He did not attend school again until the first day of the succeeding spring semester. Is he scholastically eligible?

INTERPRETATION: Yes. Such a class may be counted for scholastic eligibility, provided the student's high school accepts it and grants it credit toward high school graduation. The student must still pass a minimum of five (5) subjects at the end of the semester. College credits are equated

SITUATION: How many units may a student earn in summer school for the purpose of counting toward determination of scholastic eligibility for the ensuing semester?

INTERPRETATION: A maximum of two (2) Carnegie unit credits earned in summer school may be counted for eligibility purposes.

#12 DIFFERENT STATE SCHOLASTIC RULES

SITUATION: A student transfers to a member school from another state where scholastic eligibility rules are less restrictive than in Georgia. The student is scholastically eligible by the standards of the state from which he transfers, but lacks sufficient credits to be eligible by GHSA standards. INTERPRETATION: No.

#13 ANNUAL GRADING

SITUATION: School system X has declared the administrative operation of their system shall be based on earning complete units of work on an annual basis instead of giving credits toward graduation on a quarter or semester basis. A student passes six (6) subjects the first semester. The same student passes only four (4) at the end of the second semester. When the student's grades are averaged the student passes all six (6) subjects for the year. Is the student eligible for the fall semester?

INTERPRETATION: No. The grading period shall be either a quarter or a semester. Students participating in extra curricular activities must pass five subjects in the local board of education designated grading period immediately preceding participations.

#14 COURSES COUNTING MORE THAN ONE (1) UNIT

SITUATION: A student is enrolled for four regular courses (meeting each day for 55 minutes, five (5) days per week) and one vocational course that meets each day for 110 minutes, five (5) days per week and carries the

equivalent of two (2) Carnegie units. The student fails the vocational course. Is the student eligible the next quarter or semester?

INTERPRETATION: No. Since the vocational course carries the equivalent of two (2) units and the student passed only four (4) units of work he would not be eligible for the next quarter or semester.

#15 MAKE UP WORK

SITUATION: A student taking five (5) subjects leading toward graduation receives an incomplete in one of those courses when he returns to school on the first day of the second semester, Monday, January 19th. Is the student eligible: (1) to practice, (2) to play in the game on Friday, January 23?

INTERPRETATION: If the school allows make up work for all students, the student athlete has a maximum of fourteen (14) days to do make up work to remove the incomplete. The student is not eligible to practice until the make up work is completed with a passing grade. If the make up work is completed with a passing grade prior to the game on Friday night he would be eligible to participate. If he has not completed the make up work prior to game time he would not be eligible to participate.

#16 TRY OUTS

SITUATION: Cheerleader try outs for the following year are to be held in the spring of the second semester. A student who passed only four (4) subjects during the first semester would like to try out for the cheerleading squad. May he do so?

The total accumulated units at the end of the 9th grade year is 4-1/2. Is the student eligible to participate in the fall?

INTERPRETATION: Yes. The student must be "on track" at the end of the 9th grade year (first year), which means he must have accumulated three (3) units.

#18 COURSE DIFFICULTY

SITUATION: A student is enrolled for three (3) AP courses and two regular courses the first semester all leading toward graduation. He fails one AP course. Is he eligible to participate the second semester?

INTERPRETATION: No. There are no allowances made for course difficulty in the rule of passing five (5) courses the previous semester or quarter.

BY-LAW 1.60 - AMATEUR/AWARDS INTERPRETATION

#19 WHAT CAN BE PROVIDED TO "CHAMPIONS"?

SITUATION: A school's girls or boys athletic team wins the state championship and the booster club, local businessmen, board of education, parents of players, or a combination of these individuals and/or groups sponsor a banquet in honor of the team's accomplishments. At the banquet at which all team members and their parents are provided a dinner at no cost, several items are presented to each of the players. These items include: (1) a gift certificate for dinner at a local restaurant to be used by the individual player at his convenience, (2) a jacket, sweater, T-shirt and/or shoes in school colors with lettering which proclaims the winning of the state title, (3) a plaque. In addition, the player voted by the team as the most valuable for the season receives the game ball or some other type equipment from the state championship game.

INTERPRETATION: Honoring athletes or other students from the school and providing them with a meal at a recognition banquet is not a violation of GHSA rules. The other items: (1) No, this is a violation (2) No, this is a violation (3) Yes, permissible; Game Ball - No, this is a violation.

BY-LAW 1.70 - SCHOOL SERVICE AREAS/TRANSFER/MIGRANT/ MIGRATORY WAIVER INTERPRETATIONS

#20 SCHOOL SERVICE AREAS

QUESTION: What is a school service area?

ANSWER: Geographic boundaries established by local boards of education that determine the public school a student must attend constitute a school service area. Service areas for private member schools are established by the GHSA Executive Committee. The area from which the majority of the school enrollees reside is usually established as that school's service area. (See non-public school service areas.)

SITUATION: A student and his parents move to a county that has four school service areas (A, B, C, D) within the county and a city school system (service area E). The parents reside in school service area A but decide to send their child to school service area E. Is the student eligible in his new school?

INTERPRETATION: No. When a student and his parents move to a new service area, the student maintains eligibility in the new service area of his

residence. When the student and his parents "elected" to attend a school outside the area of their residence, the student loses eligibility for one year.

#21 FIRST TIME ENROLLING

SITUATION: Presume there is a city school system and a county school system. A student's parents live in the city. The county board of education allows students who live in the city to pay tuition (or not pay tuition) and attend the county schools. The student is enrolling in the 9th grade for the first time. May he enter the 9th grade and be eligible to participate in interscholastic activities?

INTERPRETATION: Yes. Students in families residing in one school service area and wishing to have their children attend school in another service area may enroll their children in the school of their choice on initial enrollment to grade nine (9). (The local boards of education must be willing to accept the student.) Once a selection is made on initial enrollment, there must be a corresponding move of student and parents to the next school. Once enrolled the student could not move back to the school service area of his parents without being ineligible for one year.

#22 TRANSFER

SITUATION: A student attends school "A" while living in public school "A's" attendance area. He and his parents move to public school service area "B". The student enrolls in public school "B". Is he eligible to participate in school "B"?

INTERPRETATION: Yes.

SITUATION: A student and his parents reside in a county school service area. The student going into grade nine (9) is enrolled in a non-member private school. At the end of the 9th grade the student wishes to transfer from the non-member school to the high school of his parents' residence. May he do so and maintain eligibility?

INTERPRETATION: Yes. A student may transfer from a non-member school to the member school of their residence one time and maintain eligibility, if all other criteria are met.

#23 CHOICE OF PUBLIC OR PRIVATE MEMBER SCHOOLS

SITUATION: A 10th grade student resides in school service area "A" with his parents. The student attends member public school "A". The parents and the student move to school service area "B". Private school "C's" service area includes "B's" school service area. Does the student have a choice in selecting which school to attend.?

INTERPRETATION: Yes. While attending public school, if a student moves to a new public school attendance area with a corresponding move of his parents he may attend the public school for that service area or private school that serves his new public school attendance area.

SITUATION: A 10th grade student attending private school "C" and residing in public school "A's" service area moves to public school "B's" service area with a corresponding move of his parents. Private school "C's" service area includes both public schools "A" and "B's" service area. Does the student have a choice in attending the public school "B" or selecting a new private school that includes service area "B" in its service area?

INTERPRETATION: Yes. While attending private school, a student changes his site of residence along with a corresponding move of his parents from one public school attendance area to another public school attendance area may enroll in the public school of his new service area or a private member school outside his previous public school attendance area.

#24 "MOVE" DEFINED

QUESTION: What is meant by the term "move"?

ANSWER: A "move" is defined as the actual physical relocation in a joint residence, with the intent to reside indefinitely and terminate all occupancy of their previous residence, by the parents of a student from one school district to another.

#25 UNFINISHED HOME:

SITUATION: A family has purchased a new home in a school district other than the one where the children have been attending school. However, the new home will not be available for occupancy until six weeks after the start of a semester. In the meantime, the new district agrees to allow the children to begin attendance in anticipation of the family move when the new home is available.

INTERPRETATION: The children will be eligible immediately upon the date the parents physically occupy residence in the new district if they begin attendance at the beginning of the semester.

SITUATION: Presume the same family as above. However, the family elects to leave a child behind attending school in the previous district when it moves during the school year.

INTERPRETATION: The GHSA By-Laws permit students to complete a school year in a given district if their parents move from that district after school has commenced. Therefore, the student in this case may remain in

his original district for the remainder of the school year and be eligible in respect to residence. If the student continues to attend school in that district in succeeding years, he will continue eligibility. If he begins the next school year and then decides to move to his parents' service area he would be ineligible for one (1) year.

#26 MIGRANT STUDENT

SITUATION: A student enrolls in school A, is certified eligible, and participates in athletic contests. Then it is discovered that the student's parents/guardians do not live in the district. The school forfeits all contests won in which the student participated. What is the student's subsequent eligibility, if:

- the student remains in school A and the parents do not move?
- the student remains in school A and the parents do move into the district?
- the student transfers back to school B, the school in the district where the parents live?

INTERPRETATION:

- The student is ineligible for a period not to exceed one (1) year from the date of the Executive Director's ruling.
- The student becomes eligible on the date the parents move into the district of school A.
- The student is ineligible for a period not to exceed one (1) year from the date of the Executive Director's ruling.

BY-LAW 1.80 - RECRUITING/UNDUE INFLUENCE INTERPRETATION

#27 FACTORS OF "UNDUE INFLUENCE"

QUESTION: What factors are involved in the determination of "undue influence"?

#30 JV TRANSFER

SITUATION: A 9th grade student transfers from a member public school to a member public school without a corresponding move of his parents. May he participate on the JV basketball team assuming he meets all other eligibility requirements.

INTERPRETATION: Yes. He meets all eligibility requirements except migratory. Migratory students may participate on junior varsity teams.

BY -LAW 2.60 - QUALIFICATIONS TO COACH

INTERPRETATION: If the certified person is employed for twenty (20) hours or more per week on a regular basis in a professionally contracted position and holds a valid teaching certificate, he may coach.

SITUATION: A para-professional is hired to work full time. (A) May she be hired to coach cheerleaders? (B) May she assist the cheerleader coach?

INTERPRETATION: (A) No, to be head coach or in charge of the group you must be a certificated person. (B) Yes. Para-professionals may assist but should never be left in charge. They must be in the presence of the professional.

#32 A RETIRED TEACHER TEACHING AND COACHING

SITUATION: A teacher-coach who has been teaching thirty (30) years retires and is re-hired by the local school board to supervise the athletic program half-time and coach.

INTERPRETATION: This is acceptable. The retired teacher/coach may be hired up to half-time and coach.

- #33 **"RETIRED" DEFINED:** An individual who draws retirement funds each month from a teacher retirement fund administered by the state, local board of education, or an independent school.

BY-LAW 2.70 - INTERSCHOLASTIC CONTESTS AND PRACTICE OF MEMBER SCHOOLS

- #34 **SITUATION:** May a school open its gym during the school year for students who may or may not be trying out for the basketball, volleyball, or wrestling teams, in order that they may play basketball, volleyball, or wrestle?

INTERPRETATION: Yes, but a coach may not be present or give instruction relating to the activity in which he coaches.

- #35 **SITUATION:** May a faculty member officiate scrimmages before or after school before the published starting dates?

INTERPRETATION: Yes, as long as the faculty member is not a coach in the activity being officiated.

- #36 **SITUATION:** May a faculty member organize, but not require, a voluntary out of season conditioning/weight-lifting program?

INTERPRETATION: Yes, but students must not be required to attend as a requirement for making the team. Coaches shall use caution not to suggest that participation in such a program is mandatory, or that their failure to participate could adversely affect their opportunity to make the school team.

- #37 **SITUATION:** May a faculty member play basketball, volleyball, or wrestle with students of that school before the published starting dates?

INTERPRETATION: Yes, as long as the faculty member is not a coach in that activity.

- #38 **SITUATION:** May a coach in any extracurricular activity conduct voluntary individual instruction of a student outside a team or competitive setting outside the designated season for that activity?

INTERPRETATION: Yes, even if the instruction is in the activity which the coach coaches during the designated activity season as long as the instruction is voluntary on the part of the student involved, and is outside a team or competitive setting. Such instruction must be on an individual one on one basis.

- #39 **SITUATION:** May a basketball team of a school scrimmage a team of graduates from the same or other school?

INTERPRETATION: No, all participants in a practice must be eligible students currently enrolled in school.

SITUATION: May a school soccer team scrimmage the local recreation soccer team?

INTERPRETATION: No. Recreation teams are not a team of a member school.

- #40 **SITUATION:** May a basketball coach gather his team to begin a running and exercise program to condition his team prior to the beginning of the scheduled practice date by GHSA?

INTERPRETATION: Yes, provided this conditioning does not require the use of basketballs until the second week of conditioning. Physicals for each participant shall be on file prior to allowing a student participation in conditioning.

- #41 **SITUATION:** A baseball coach is ejected on Friday, and sits out the next scheduled game which is played on Monday. The Monday game is called because of rain in the middle of the fifth inning with the home team trailing. Does this game count as the "sit out" game?

INTERPRETATION: No. Since this game was called before it was considered a completed game, the coach will have to set out the next scheduled game.

FOOTBALL

REGULAR SEASON:

- A. No high school shall belong to any other football organization than that to which assigned by the GHSA and be eligible for membership in the GHSA.
- B. All football games played by member schools of the GHSA must be played under the football rules as adopted by the National Football Rules Committee of the National Federation of State High School Associations. In case of a suspended game, the State Executive Director will determine if and how a game will be resumed. (See By-Law #2.712-b)

NOTE: BY STATE ADOPTION:

All GHSA member school games will use the twenty (20) minute half-time. The twenty (20) minute half-time will stay in effect with the EXCEPTION of allowing for a fifteen (15) minute half-time if agreed upon by both school administrators concerned, by Thursday of the game week.

If, during a football game, a team claims interference with communication due to band noise, the referee shall give a warning to the head coach and shall gain the attention of the band director to cease playing. A second offense will result in the assessment of an unsportsmanlike conduct penalty.

- C. All varsity football games will be played with a minimum of four (4) officially dressed football officials who are registered under the GHSA plan for the registration of officials.
 - 1. In cases where two (2) schools cannot agree on regular season game officials, the State Office will assign officials upon written request by both principals. The visiting team will pay the travel expenses of the officials assigned. The host school is required to provide a chain crew of at least eighteen year-old high school graduates.
 - 2. In all games, the host school must provide some type of dressing facilities for officials at the game site which can also be used to hold the pregame conference.
- D.
 - 1. Reclassification is provided in Article III of the Constitution.
 - 2. After reclassification years, all regions will meet the second Saturday in January to plan for sub-division of the regions. (No schedules may be drawn at this time). These plans must spell out sub-divisions for all activities. All 32 regions must be approved before any scheduling may begin to avoid discriminatory actions by a region.
 - 3. No school in the region may schedule any football game beyond the season of 1995 prior to the region meeting.

4. Any contract extending beyond 1995 season may be voided, if necessary, to complete the region schedule.

NOTE: All schools are urged to work toward adjusting contracts so that no two-year contract will extend beyond the odd calendar years. This will go toward simplifying the making of region schedules.

- E. 1. Each school must file its football schedule with the State Executive Director no later than March 1 of each year. Schedule must show day, date, time, home/visitor, and place of game.
2. Any school making a change in football after the schedule has been filed with the State Executive Director, shall notify the State Executive Director of such change. For any change in schedule involving a region game, notification must be made prior to the date for beginning of football practice.
3. Any game or games involved in a change of schedule after the date set for the opening of football practice shall not count in region or sub-region standings.
4. Limitation regarding a change in schedule shall also be construed to prevent a school from canceling a game when such a game could affect the region and/or sub-region standings.

NOTE: A change in date with the same opponent will not be construed as eliminating such game from region and/or sub-region standings.

- F. 1. The maximum number of games that a school may schedule in its regular season must be limited to ten (10). This limitation of ten (10) games in the regular season shall not include playoff games.
 2. No varsity football game may be played on a night preceding a school day without specific authorization from the State Executive Director. Only one (1) football game per week is allowed by the same team, except in the case of the GHSA Tie-breaker Playoff.
- G. No football game may be played prior to September 2, 1994, without approval of the Executive Director.
 - H. It is recommended that a student receive two weeks of school supervised conditioning before the first date of practice for football in pads, before the start of the regular season.
Week One: **Only** helmets, mouthpieces, shoes, and shorts will be allowed. (No girdle pads allowed)
Week Two: **Only** helmets, mouthpieces, shoes, shorts, and shoulder pads will be allowed. (No girdle pads allowed)
Practice in pads for 1994 begins on August 15, 1994, for all schools.
(Note: This does not prohibit individuals attending camps from using pads.)

- I. There will be no interschool practice and/or scrimmage in football.
- J. The football season ends for a team or individual when that team or individual is eliminated from play in Region or State Tournament or wins the State Tournament.
- K. In case of a tie between GHSA member schools of the same classification, any sub-regional, regional, or state play-off game preceding the final state championship game, the following system will be used to determine the winner. Overtime games are exempt from the 11:30 p.m. curfew.
(Note: Schools representing different classifications may agree to use the tie-breaker system if agreed upon by both schools prior to the start of the contest.)
 1. When a game ends in a tie score, two (2) overtime periods of five (5) minutes each will be played with all regular football rules applying, except that each team will be allowed one additional charged time out for each over-time period.
 2. After the conclusion of the regular game there will be an interval of two (2) minutes. The two (2) captains will meet on the field for a coin toss and the winner will have the same options that apply at the beginning of the game. The loser of the toss shall have the same options at the beginning of the second overtime period as in the second half of a regular game.
 3. There will be a two (2) minute interval between the first and the second overtime period during which each team may meet with its coaching staff at its bench area.
 4. The team which is ahead at the end of the second overtime period is the winner. Points scored will be added to the regular game score.
 5. Two (2) different color flags (markers) furnished by the home team on the sideline with the chains will be used to mark the nearer advance of each team to the other team's goal line. If the score is tied at the end of the second overtime period, the team which has advanced nearer to its opponent's goal line is the winner. One (1) point is added for advancing nearer to the opponent's goal line. Advancement toward the opponent's goal is not counted if the offensive team scores on that drive.
 6. There is a possibility that either or both teams may score a touchdown during the overtime periods, and there is a possibility that the score will remain tied. The advancement in Number 5 above will apply, if prior or subsequent to the touchdown drive (before or after).
 7. It is required that a school official (host principal will designate a mature adult) on the sideline mark the spot of advancement for both teams. It is recommended that both principals be involved. In addition to marking with a flag (marker), it should be noted in writing with each change of

advancement indicated. This will provide exact information in case a marker is moved by wind, accident, etc.

The referee will confer with the designated sideline official prior to the overtime, at each time-out and at the end of each five minute over-time to determine the leading team as to advancement of the ball. This will be communicated to both coaches by the referee.

8. The score remains tied at the end of both overtime periods. Team A has its advance to its own 40 yard line (60 yards from opponent's goal); Team B has its advance to its own 46 yard line (54 yards from opponent's goal). Team B is the winner.
 9. A touchdown, field goal or safety does not eliminate any prior or subsequent advancement.
 10. In the unlikely event of a tie at the end of the second overtime period, the plan in the current football rule book will be employed to break this tie.
- L. Violation of any regulation in the football section shall be treated as a violation of eligibility rules.
- M. A football coach on the payroll of one school district, but under contract to another school district for the following year may help with Spring football at his new school, if arrangements are satisfactory with both systems.
- N. Spring football practice for 1994-95 is May 8 through May 19. Schools may conduct spring training on dates other than the specified dates by permission from the GHSA office. Schools must submit the specified form showing how the dates requested would reduce conflicts for students who participate in spring training.
- O. Ninth grade or JV football games played on Thursday have a curfew of no later than 8:00 p.m.
- P. Football players may participate in five quarters per week in a combination of varsity and sub-varsity teams.

REGION:

- A. The State will be divided into regions in each class. Region lines may not be the same for all classes.
- B. A region may be sub-divided by the schools in that region. The number of sub-divisions may be two (2) or more with approximately the same number of schools in each sub-region.

- C. To qualify for championship consideration in a region or sub-region, a school must play a minimum number of games with schools in its region and classification as follows:
1. In any region or sub-region in which there are eight (8) or less schools, each school must play every other school in that region or sub-region.
 2. In any region or sub-region in which there are nine (9) or more schools, each school must play eight (8) regional or sub-regional games.
 3. In a case where a school is assigned to a region or sub-region after the region or sub-region has been determined, (i.e., a school beginning football) any games played with that school will count; but in case the region or sub-region is less than eight (8) schools, it will not increase the minimum number of games for that region or sub-region until the year following the assignment of the new school.
 4. In any region or sub-region in which there are six (6) or less schools, if each school plays each other two (2) games, both games will count as region games. In any other case where two (2) schools have played more than once during the regular season, only the first game scheduled shall count in the regional standings. (Exception - a tie among more than two (2) teams).
- D. Any games scheduled by a school which does not play a regional or sub-regional schedule to qualify for championship consideration, will not count for or against any opponent.
- E.
1. Upon presentation to the State Executive Director of evidence to show that a school cannot secure the required number of games in a region or sub-region, the State Executive Director may authorize each school to substitute any number of games in any classification or region to qualify for championship consideration.
 2. A request for substitution of game or games shall be submitted to the State Executive Director prior to September 1st.
- F. If a region employs a play off system involving more than a championship game, then the schedules must be completed two (2) weeks earlier than the date for determining region championships.
1. If a region determines a champion without having a play-off:
 - a. The champion is determined by the percentage standings counting the region or designated games.
 - b. In the case of a tie between two (2) teams:
 - (1) If the teams have played during the regular season, the winner of the regular season game is the champion.

- (2) If the tie remains after 1 (b), then the percentage standings counting all games with schools of the same classification will determine the champion.
 - (3) If the tie remains after 1 (b) and 2 (b), then a play-off shall be held between the two (2) teams.
- c. In the case of a tie between three (3) or more teams:
- (1) If the teams (tied) have played during the regular season and one (1) of the teams has defeated all other teams (tied), then this team is the champion.
 - (2) If the tie remains after 1 (c), then the percentage standings counting all games with schools of the same classification will determine the champion. If this results in a tie between two (2) teams who have played during the regular season, then the winner of the regular season game is the winner.
 - (3) If the tie remains after 1 (c) and 2 (c), then the schools tied shall meet at a selected site for a playoff on the Monday night after the end of the regular season. The site and the officials will be selected by the Executive Director.
 - (a) The playoff will utilize the GHSA tie-breaker format.
 - (b) A coin toss will determine the order of play with the team winning the toss getting the bye.
2. If a region determines a champion with a play-off:
- a. The play-off teams are determined by the percentage standing counting the region or designated games.
 - b. In the case of a tie between two (2) teams:
 - (1) If the teams have played during the regular season, the play-off standings will be determined by the winner of the regular season game.
 - (2) If the tie remains after 1 (b), then the percentage standings counting all games of the same classification will determine the play-off standing.
 - (3) If the tie remains after 1 (b) and 2 (b), then the schools tied shall meet at a selected site for a playoff on the Monday night after the end of the regular season. The site and the officials will be selected by the Executive Director.
 - c. In the case of a tie between three (3) or more teams:

- (1) If the teams (tied) have played during the regular season and one (1) of the teams has defeated all the other teams (tied), then this team is the play-off representative(s).
- (2) If the tie remains after c. (1), then the winning percentage counting all games of the same classification will determine the play-off standing. If this results in a tie for the remaining play-off spot(s) between two (2) teams who have played during the regular season, then the play-off standings will be determined by the winner of the regular season game.
- (3) If the tie remains after c. (1) and c. (2), then the schools tied shall meet at a selected site for a playoff on the Monday night after the end of the regular season.
 - (a) The site and the officials will be selected by the Executive Director.
 - (b) The playoff will utilize the GHSA tie-breaker format.
 - (c) Region secretary or designee will negotiate the fees and work with the selected site to determine ticket takers, sellers, security and rental fees.
 - (d) A coin toss will determine the order of play with the team winning the toss getting the bye ("odd man out" coin toss gets the bye). Three and four team ties will be played as follows:
Example: Three teams tied for one opening:
team 'C' gets the bye
team 'A' vs team 'B'
team 'C' vs winner of game 1
winner of game 2 qualifies for the playoffs

Example: Three teams tied for two openings:

team 'C' get the bye
team 'A' vs team 'B' (winner automatically in playoffs)
team 'C' vs loser of game 1
If loser of game 1 wins second game, winner of game 1
is higher seed.

If team 'c' wins second game, then regular season winner
of two remaining teams will be the higher seed.

Example: Four teams tied for one opening:

'A' vs 'B' = winner
'C' vs 'D' = winner
playoff between two winners

Example: Four teams tied for two openings:

'A' vs 'B' = winner
'C' vs 'D' = winner
winner of regular season games between two winners has
higher seed

3. If a region sub-divides into two (2) or more sub-regions:
 - a. The play-off standings will be determined by the percentage standings counting the sub-region or designated games.
 - b. In the case of a tie between two (2) teams:
 - (1) If the teams have played during the regular season, the play-off standings will be determined by the winner of the regular season game.
 - (2) If the tie remains after 1 (b), then the percentage standings counting all games of the same classification will determine the play-off standing.
 - (3) If the tie remains after 1 (b) and 2 (b), then the schools tied shall meet at a selected site for a playoff on the Monday night after the end of the regular season. The site and the officials will be selected by the Executive Director.
 - c. In the case of a tie between three (3) or more teams:
 - (1) If the teams (tied) have played during the regular season and one (1) of the teams has defeated all the other teams (tied), then this is the play-off representative(s).
 - (2) If the tie remains after 1 (c), then the percentage standings counting all games of the same classification will determine the play-off representative(s). If this results in a tie for the remaining play-off spot(s) between the two (2) teams who have played during the regular season, then the play-off standings will be determined by the winner of the regular season game.
 - (3) If the tie remains after 1 (c) and 2 (c), then the schools tied shall meet at a selected site for a playoff on the Monday night after the end of the regular season. The site and the officials will be selected by the Executive Director.
 - (a) The playoff will utilize the GHSA tie-breaker format.
 - (b) A coin toss will determine the order of play with the team winning the toss getting the bye.
4. In calculating the percentage standings, the games won shall be divided by the games played with any tied games counting as one-half game won.
5. By majority vote of the schools of a region meeting for scheduling, provision may be made for:
 - a. A play-off system involving the first and second place teams.
 - b. A play-off system involving the first, second and third place teams.
 - c. A play-off system involving the first four (4) place teams.

- d. Sub-dividing with a play-off involving the first place team in each sub-division.
 - e. Sub-dividing with a play-off involving the first and second place teams in each sub-division.
6. In sub-region and region playoff games, it is strongly recommended that the same number of officials be used in sub-region and region playoff games as will be used in the state playoff games.

STATE:

- A. Playoff brackets for football are rotated at the end of two years. The designation of "home team" is rotated each year in the second and subsequent rounds. It is suggested that the crossover procedure change every year to insure that all teams will participate in this procedure.
- B. In case of a tie in the State final championship game, the two (2) tying teams will be declared co-champions.

STATE TOURNAMENT

1. The State Tournament is considered a continuation of the Region Tournament in which a team participates. State Team tennis tournaments shall be held in boys and girls divisions. Trophies shall be presented to the first places and second places for the boys and girls in all four classifications.
2. Tennis rules published by the U. S. Tennis Association will be in use at all state matches unless otherwise specified by the Georgia High School Association.

The coach may talk to players at the break, but the players must stay on the court. There will be continuous play. The break occurs when changing ends at the end of a game.

3. A. The format for all state matches shall be 3 singles matches and 2 doubles matches. Players may play in either one singles match or one doubles match. No one is permitted to play in both singles and doubles.

In Region and State Playoffs, a player must play at the position or higher at which the player has played a minimum of 51% of his matches. If there are an equal number of matches played, the player will play at the highest level. Matches played during tournament play shall be counted in total number of matches played for positioning for State Tournament.

- B. Each school that wishes to participate will submit to the State Office ten (10) days prior to the date established for region winners the three players they wish to use in singles play, and the names of the two doubles teams. The singles players will be designated according to their flight of play, that is, # 1, 2, and 3 singles; the same for the doubles (no. 1 and 2 teams). This means that each school will have to submit 7 players, plus 2 alternates (for injury replacement).
4. **PLAYER MOVEMENT:** The lineup submitted for the first state tournament match will be the basis for all future lineups. The following rules will govern player movement:

- A. The three players listed as singles players in the first lineup will be restricted to singles play only for the rest of the tournament. Additionally, those players are restricted to playing at their original position or higher for all subsequent matches.

#2 singles player may play at #1 or #2 singles.
#3 singles player may play any singles position for the rest of the tournament.

- B. Players listed as doubles in the first state tournament lineup are restricted to doubles competition in all subsequent matches. These players are also restricted to playing all subsequent matches at or above the position that they played in the first state play-off match.

Example: #1 doubles players may play only at #1 doubles.
#2 doubles players could play all subsequent matches at either #1 or #2 doubles.

- C. Other members of a school's team may be substituted for any of the original seven players prior to the beginning of a match. Once a player is substituted in a match, the rules of the original lineup players govern the movement of this player.

Example: If a player is substituted in at #2 singles, this player may compete in all subsequent matches, but only at the #2 singles or #1 singles level.

- D. Players being moved from singles to doubles for region competition should follow the player movement guidelines as described below:

#1 and #2 singles moving to doubles in any way is a down move.

#3 singles moving to #1 doubles is an up move, to #2 doubles is a down move.

#1 or #2 doubles moving to #1 or #2 singles is an up move.

Note: Players who have been substituted for are eligible to compete in all subsequent matches, but are still subject to player movement guidelines.

5. At the state level, all matches shall be the best of three sets. A twelve (12) point tie-breaker is to be used at six (6) games for all three sets.
6. At the state level, a team match shall consist of 3 points out of 5 (3 singles, 2 doubles). The team that wins 3 matches shall be declared the overall winner of the match and advance to the next round.
7. Substitution is not permitted once a match has started: i.e., if any injury occurs during play, the match is over, and the point is awarded to the other player's team.
8. Contestants will be expected to furnish their own tennis balls. A team will furnish five (5) cans. A quality brand of heavy duty ball is required. The procedure in regard to use of tennis balls will be: Team X and Y are scheduled to play a match. X and Y will each supply five (5) unopened cans of balls. One can will be used in the match. At the conclusion of the match, the used balls will be given to the loser and the unopened cans will be given to the winning team to carry on to the next round. In the final match the winner will be given the choice of the balls used in the match or the unused balls.
9. The number of entries from each region in each classification for both boys and girls into the state tournament shall be two teams. Each region will determine how it will choose its winner and runner-up. Region winners and runners-up will be chosen by Saturday, April 29. Report winners to State Office by May 1
10. In order to host a State Playoff match beyond the region level, the host school must have available a minimum of two (2) courts, with four (4) courts being preferable.
11. The first round of the State Tournament is to take place at the "home" courts of all region winners. Coaches will contact each other and set up an agreeable time and date. This shall be completed by May 4, 1995. **Host School must call GHSA to report winners.**

12-Point Tie-Breaker for Singles

1. The 12-point tie-breaker is used when the score reaches 6-6 in games during the 1st or 2nd. set. Player A, who served the first in the set, serves the first point from the right court. Then player B serves points 2 and 3 (left and right). A serves 4 and 5 (left and right); B then serves point 6 (left) and changes ends to serve point 7 (right). A serves point 8 and 9 (left and right) and each player serves alternately in this pattern until a player wins 7 of the first 12 point played. If the score reaches 6 points all, the players change ends and continue in the same pattern until one player establishes a margin of two points, which gives him the game and set a 7-6.
2. Players change ends after every six (6) points and at the conclusion of the tie-breaker. For a following set, player B, who received the first serve in the tie-breaker, begins serving.

12-Point Tie-Breaker for Doubles

1. Follow the same pattern as singles with partners keeping the same serving order. Assume team A-B versus C-D, with A having served first in the set. A serves

the first point (right), C serves points 2 and 3 (left and right); B serves points 4 and 5 (left and right); D serves point 6 (left) and the teams change ends; D serves point 7 (right). A then serves 8 and 9 (left and right) with play continuing until one team wins 7 of the first 12 points played. If after B serves point 12 (left), the score reaches 6 points all, the teams change ends and B serves point 13 (right). Play continues until one team establishes a two-point margin.

2. Teams change ends after every six (6) points at the conclusion of the tie-breaker. For a following set, team C-D, which received the first serve in the tie-breaker, begins serving.

2. Plan and carry out a project involving one or more of the following:
(NOTE: If an alternate is to be used in Home Economics contest, that individual must have his/her own project for the contest.)
- a. **CONTROLLING WEIGHT:**
Set up a diet and exercise program for someone who needs to lose at least 20 pounds. This may be for yourself if desired. Use the U.S. Exchange System as the basis for diet planning. Specify the total amount of weight to be lost and the amount to lose each week. Include a diet for weight management once the weight loss goal has been reached. Supervise the weight control program and record the results regularly. Be sure the nutritional needs for the person's age group are met in the diet.
 - b. **PROVIDING FOR FOOD NEEDS DURING PREGNANCY:**
Plan a diet and exercise program for someone who is pregnant. Use the Food Guide Pyramid as the basis for diet planning, taking care to meet the person's nutritional needs. Include recommendations for rest, and a diet plan to follow after the baby arrives. Supervise the program and record the results regularly.
 - c. **PROVIDING FOR NUTRITIONAL NEEDS DURING THE LIFE CYCLE:**
Make list of the nutritional needs of all members of your family. Plan nutritionally balanced meals for one month that meet the needs of all family members. The cost of the meals should fit within your family's current food budget. Assist in preparing and serving the meals, and record the family's reactions to the foods served. Be sure to follow nutritionally sound methods of food preparation.
 - d. **COPING WITH DOMESTIC AND WORLD HUNGER:**
Write at least three news articles for your local newspaper to make your community aware of the problem of domestic and world hunger. Then do one or both of the following:
 - (1) Start a food bank at a central location in your community or collect food donations and make regular contributions to an already established food bank in your community. Draw up guidelines for food donations, and distribute food to churches and/or civic organizations. Some local newspaper offices are willing to serve as a pick-up location for donated foods. Have a regular schedule for collecting and distributing food. Publicize what you are doing so people will know the service is available.
 - (2) Once or twice a month, have a "tasting party" for needy senior citizens in the community to encourage them to eat nutritiously. Present a program at each party to inform them of their nutritional needs and how to meet them on a tight budget. Get contributions from civic groups, and ask for volunteers to help prepare and serve

the food. Publicize what you are doing so as many people as possible know about the service.

3. Present an illustrated summary of project. Include the name of the project, reasons for selecting, objectives to be accomplished, steps followed in carrying it out, and an evaluation of the outcome. Include also how the information was shared: the names of the groups, how many groups, size of groups, etc. Explain how the project has brought about a change in the participant's personal growth/behavior/lifestyle and contributed to an increase of knowledge and skills. The summary cannot exceed 8.0 minutes and this is to include setup, presentation, and removal of the project. If a contestant exceeds the time limit, there will be a penalty of 2 points for each 15 second period or portion thereof. The judges may question contestants on any aspect of the project if they desire. The presentation will count 75% of the total score.

5. Contestants must furnish their own equipment, props, and anything else needed for the presentation. Do not ask the judges to furnish anything.

Testing time will be limited to 45 minutes. The test is a 50-question test and each question is to count two (2) points for a scale of 100 points. The test will count 25% of the total score. Contestants must furnish their own pens or pencils.

P. GEORGIA HIGH SCHOOL ASSOCIATION KEYBOARDING RULES

1. **PARAGRAPHING.** Paragraphs must be indented five (5) spaces and only five (5). An error in paragraphing is penalized in addition to all other errors in the same line.
2. **SPACING AND PUNCTUATION POINTS.** All spaces and punctuation points are treated as parts of the preceding word; but if incorrectly made, inserted, omitted, or in any manner changed from the printed copy, an error must be charged unless the preceding word has already been penalized.
3. **SPACING AFTER PUNCTUATION.** Two (2) spaces must follow the period, the colon, and the interrogation and exclamation points - one (1) space after all other punctuation points.

If punctuation is followed by a quotation mark, the spacing follows the rule laid down for the punctuation point; viz., a colon followed by a quotation mark calls for two (2) spaces, a period at the end of a sentence followed by a quotation mark calls for two (2) spaces after the quotation mark, but a comma followed by a quotation mark calls for one (1) space.

In initial grouping, no space follows internal periods: O.K., C.O.D., A.M.; a.m., c.o.d.

4. **A DASH** must be written with two (2) hyphens without spacing before or after. If a dash is necessary at the beginning of a line, there should be no space between it and the following word.
5. **CUT CHARACTER.** If any word is written so close to the top, bottom, or side of a page that a portion of any letter is cut off, the word must be penalized.
6. **WORDS WRONGLY DIVIDED.** A word divided at the end of a line other than between syllables must be penalized. A word hyphenated at the end of the line in the printed copy may or may not need the hyphen if occurring medially in the contestant's work. For instance: "Devilfish" might be hyphenated at the end of a printed line; but medially, if contestant's rendering conforms to any standard dictionary, there is no error.
7. **FAULTY SHIFTING.** An error must be charged against every word where the shift is incorrectly used. If only parts of the proper character appear, it is an error. If the complete character is discernible, it is not an error.
8. **LIGHTLY STRUCK ERRORS.** If the outline of any character is discernible, there is no error.
9. **TRANSPOSITION.** Letters transposed in any word constitute an error. Words when transposed are penalized one (1) error for the transposition; additional penalties are imposed for errors in the transposed words.
10. **REWRITTEN MATTER.** In any rewritten matter, every error must be penalized, whether in first or second writing, and one additional error for each rewritten word.
11. **CROWDING.** No word shall occupy less than its proper number of spaces.
12. **PILING.** If any portion of the body of one character overlaps any portion of the body of another character, or extends into the line space between words to the extent that it would overlap any portion of the body of a character where there is a character in that space, then it is an error.
13. **LEFT-HAND MARGIN.** Characters beginning all lines, except the first line of a paragraph, must be struck at the same point of the scale. If printed to the left or right of that point, an error must be charged.
14. **X-ING.** Work in which words are x-ed will not be received.
15. **ERRORS IN PRINTED COPY.** Errors found in the printed copy may be corrected, or written as per copy, but in no case will an error be charged against such words unless they are omitted.

16. **LAST WORD.** An error made in the last word written whether the word is completed or not, must be charged.
17. **GENERAL RULE.** Every word omitted, inserted, misspelled, or in any manner changed from the printed copy (except in the case of transposition and rewritten matter) must be penalized.

SERVICE AREAS FOR NON-PUBLIC MEMBER SCHOOLS

A SCHOOL SERVICE AREA is defined as one from which a school normally draws its pupils. Whenever claim is made for eligibility of a pupil on the basis of transfer into a school's service area, it must be apparent that the parents of the pupil have moved from the area usually served by the school which he/she left and into the second school's service area.

(See GHSA By-Laws, Section I, under Migratory Rules for complete regulations.)
