## "ITEMS OF INTEREST"

October 2017

### Hard to Believe, But It's Almost Playoff Time for Fall Sports

It is hard to believe we are nearly two months into the school year. It seems like yesterday we were starting school, kicking off the first time, throwing the first pitch, making the first serve and running the first race. We are closing in on the playoffs in volleyball, fast pitch softball and cross country and we've reached the midpoint of the football season. Cross country finals will be here before you know it and one act play competition is almost here.

The Fall is an exciting time and the sports and activities offered by our member schools greatly contribute to a successful school year. I want to thank our school communities for the great work that you do for our young people. As I travel around the state, I am always impressed by the atmosphere for contests you create and the great experiences you provide your students.

At the GHSA office, your staff is hard at work managing activities, planning quality championships and serving our member schools. There are a few things currently at the forefront that I would like to share with you.

**Football Championships at the Mercedes-Benz Stadium:** We have worked very hard to complete our contract to host the Football Championships at MBS December 8-9. It has been a long process and we are very impressed with the staffs of the Falcons and the MBS. They have been great to work with from the beginning and have made every effort to accommodate our needs. The stadium is awesome and I believe it is the best venue not only in the United States, but anywhere. The teams that make it to the finals are sure to have an experience they will never forget. Everyone that attends will be impressed with the stadium and the experience it will provide. I encourage you to make your plans to be there.

**Basketball Finals at Georgia Tech and the Macon Centreplex, Wrestling State Duals and Traditional Tournament at the Macon Centreplex:** Georgia Tech proved to be an outstanding venue for our basketball championships last year. Attendance was outstanding and the atmosphere was electric. We are excited to return for the games to be played on March 10-11, 2018. The same can be said for UGA, but it will not be able to host again because school will be in session this time.

Basketball and both wrestling tournaments will be held at the Macon Centreplex this year. They will host the Basketball Finals on March 8-9, 2018 and the specific classifications to be held at each venue are to be announced. We will assign them based on geography as much as possible. The Wrestling Duals will be on January 11-13, 2018 and the Traditionals on February 8-10, 2018.

The Centreplex is under new management, Spectra, and you will notice the improvements that have been made to accommodate these events. New lighting, a new basketball court, standards and restroom and concessions renovations are among the improvements. I am also very happy to announce that there will be no charge for parking at these events. Mayor Robert Reichert, the Board of Commissioners and the Macon-Bibb Convention and Visitors Bureau joined with Spectra in the negotiations and were extremely accommodating. We are excited to host these events in Macon and I am confident that we will provide exemplary championships for our student-athletes.

Finally, the GHSA is your organization and our staff is in place to serve our member schools. If there is ever anything we can do for you, don't hesitate to give us a call or send an email.

The National Federation of State High School Associations (NFHS) has designated the month of October as National High School Activities Month to help schools throughout the nation promote the values inherent in high school athletic and performing arts activities.

Started in 1980 as National High School Activities Week, the NFHS expanded the celebration to a month in 2011 to provide additional time for the 19,000-plus high schools to hold special activities at the local level.

"High school sports and activity programs provide one of the best bargains in our community and nation and will continue to do so as long as our nation supports them as an integral part of the education of our young people," said Bob Gardner, NFHS executive director. "Not only do these programs teach the more than 11 million young people who participate in them valuable life skills lessons, such as ethics, integrity and healthy lifestyles, they also provide the best entertainment value in our nation."

The NFHS has provided suggested activities for schools during each of the week-long events.

All materials for National High School Activities Month, including The Case for High School Activities, are available on the NFHS web site at [www.nfhs.org](http://www.nfhs.org).
